## CONGRESS OF MEXICO IS TO MEET JULY 30

Following Murder of Obregon Assembly Will Decide the Presidential Succession

President Calles Is Now Guarded By Troops; Reporters See Assassins

Mexico City, July 20.—A congress chiefly made up of supporters of the late President-elect Alvaro Obregon will meet here in special session July 30, presumably to settle the question of the Mexican presidential succession, raised by the assassination. It is generally expected a war will be found to continue President Calles in office.

A nine-day period of mourning will be observed throughout Mexico in the meantime for the slain warrior-President, whose body to-day was traveling on a special train to his native state of Sonora for burial.

General Antonio Rios Zertuche, installed as director of police to handle the investigation of the killing, announced "that responsibility for the crimes lies with the Roman Catholic clergy."

Police were continuing their investigation into an effort to find those "intellectually responsible."

(Continued on page 15)

## Gold Is Now Moving To New York From Canada

New York, July 20.—Canada resumed the movement of gold to New York to-day with a shipment of \$1,000,000 to the branch of the Canadian Bank of Commerce here; the transaction occurring at a time when the Canadian dollar is around its lowest level since 1926. It is quoted by foreign exchange dealers at a discount of about 3/8 of one per cent.

About \$23,600,000 in gold has been shipped here from Canada since June 1.

## Conservatives To Get Thirty-five Members, New Count Indicates

Opposition Total to Be Thirteen Unless Late Figures Alter Present Standing; Prince George and Kaslo-Slocan Conceded to Conservatives; Liberal Recovers and Leads in Skeena; Eight Seats Still Doubtful; Move Under Way to Keep MacLean at Head of Liberal Party

## Japanese Legation In Canada Open With Chief Temporarily In Charge

Ottawa, July 20.—Official announcement of the opening of the Japanese Legation in Ottawa was made from Premier King's office to-day.

The announcement was as follows:

"The Prime Minister was formally notified to-day that the Government of Japan is opening its Canadian Legation in Ottawa from this date. Mr. Shun Tomii, formerly Consul-General of Japan in Ottawa, has been appointed first secretary and will act as Charge d'Affaires pending the appointment of a Minister Plenipotentiary. The Japanese consulate-general in Ottawa will be closed from this date, but Mr. Kiyoshi Fukui, attaché of the Legation, has been appointed vice-consul in charge of consular affairs."

"The Legation staff at present, in addition to the first secretary, will consist of Mr. Kiyoshi Fukui, attaché, Mr. Tetsuhiro Kohri, attaché, and Mr. Kenzo Yokoi, chancellor."

**MINISTERS NOT YET NAMED**  
The Department of External Affairs has not been advised yet who will be appointed by the Japanese Government as Minister Plenipotentiary here. Neither is there any indication, up to the present, of who will be chosen to represent Canada at Tokyo. It seems unlikely the Canadian Legation in Japan will be opened before the autumn."

The plane stopped at North Platte all night and continued the westward journey this morning, arriving at Cheyenne at noon to-day after a 250-mile flight, according to a wire received from Cecil Eve, business manager of the B.C. Airways, who is a passenger on the monoplane.

The plane will arrive at Rock Springs, Wyoming, to-night after a flight of 421 miles during the afternoon.

To-morrow morning the journey will be continued to Boise, Idaho, via Salt Lake City, a distance of about 500 miles. The hop from Boise to Seattle will be made on Sunday. This distance is about 450 miles and the flight will be made in time for permit arrival at Seattle on Sunday afternoon.

**PRAIRIES WANT B.C. HARVESTERS**  
Between 6,000 and 10,000 Required in Grain Fields, It Is Estimated.

Vancouver, July 20.—Prairie farmers will want from 6,000 to 10,000 harvesters from British Columbia next month, it was announced to-day by J. H. McVety, British Columbia superintendent of the Employment Service of Canada, following advice from Winnipeg.

The first harvesters' excursion from here will leave Vancouver August 8. The rate from British Columbia points to Calgary or Edmonton will be \$10, plus half a cent a mile eastward from those points. The same rates prevail returning. An additional \$1 must be paid from Victoria.

## RESCUER RETURNS FROM SPITZBERGEN TO SWEDEN HOME

LIEUT. EINAR PAAL LUNDBORG

during Swedish aviator, who flew the plane which rescued Gen. Umberto Nobile from the camp of the men of the lost North Pole dirigible Italia near Foy Island and carried him to the base ship at King's Bay, Spitzbergen, is now on his way home, all men of the Swedish rescue expedition having been ordered by their Government to return to their own country. When after rescuing Nobile, Lieut. Lundborg's plane later was wrecked on landing on the ice at the survivors' camp, Lieut. H. Snyberg, another Swedish flier, rescued him.

## MOVE TO TAKE WONG'S BAIL

Sum of \$10,000 Lodged By Bondsmen Subject of Court Motion

An application by the Crown for the return of bail to the extent of \$10,000 in the case of H. C. Wong Wah was made before Chief Justice Macdonald of the B.C. Court of Appeal this morning by Alexis Martin. Judgment was reserved.

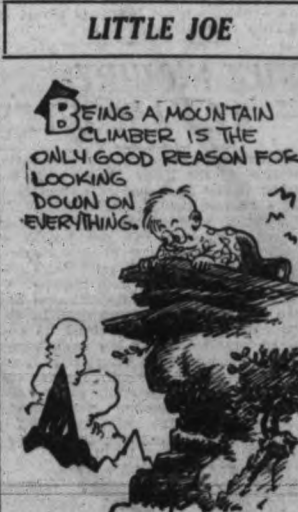

Mr. Chief Justice Macdonald pointed out that the practice under the criminal code in this respect had been changed, that the procedure under new rules would have to be studied carefully before any decision could be made. J. A. Russell, Vancouver, appeared on behalf of the bondsmen.

Wong Wah was accused in the City Police Court with an infraction of the Opium and Narcotics Drug Act in respect to the alleged distribution of a drug. He was committed for trial and was convicted in a speedy trial before Judge Lampman in County Court. From this the defendant appealed to the B.C. Court of Appeal, where the appeal was dismissed.

When police officers sought the accused who had been sentenced to a jail term, he was missing, and is thought to have fled the country. The application to-day is for the return of the \$10,000 put up by three bondsmen, who undertook to produce the accused when called on to do so.

The City of Yokohama is owned by the Kikumaru Line Limited, and has a registered tonnage of 7,341. The vessel's home port is Liverpool.

**LITTLE JOE**  
BEING A MOUNTAIN CLIMBER IS THE ONLY GOOD REASON FOR LOOKING DOWN ON EVERYTHING.

## WORLD RACERS DUE TO-NIGHT FROM ORIENT

Mears and Collyer to Stop Here Only Long Enough to Refuel Plane

Will Hop For Seattle, Then to New York in Long Flight to Set New Record

John Henry Mears and Charles B. Collyer, who are racing against time around the world, will stay in Victoria to-night only long enough to have their plane refueled and inspected, according to word from the R.M.S. Empress of Russia, on which they are crossing the Pacific. Immediately the Russia puts into the dock, the Fairchild monoplane will be swung over the side and rushed to the B.C. Airways aerodrome, where the two racers will take off for Seattle shortly afterwards.

The Empress of Russia is steaming an average of twenty knots an hour to aid the flyers in cutting down the round-the-world time and will reach Seattle at 5 o'clock to-night. She is well ahead of schedule.

Mears and Collyer plan a non-stop flight from Seattle to New York. They will have from mid-night to-night until Sunday to complete the globe-circling trip in twenty-three days, lowering by five days the mark set by Linton Wells and Edward Evans in 1926.

## PASTOR LOSES CHURCH CHARGE

Presbyterian Commission Rules Against Rev. S. R. Orr of Vancouver

Vancouver, July 20.—Finding Rev. S. R. Orr, pastor of Central Presbyterian Church here, was "guilty of conduct so unbefitting a minister of the Gospel as to necessitate the dissolution of the pastoral tie between him and the congregation," the commission appointed by the Presbyterian Church in Canada presented its report to a meeting of the Presbytery of New Westminster this afternoon.

The report was submitted by Rev. Norman A. MacEachern, of Winnipeg, chairman of the commission. The members of the commission who signed the report were Charles S. Oke, P. D. Ross, A. Gray, Farrell and J. H. Jameson.

**INTERIM APPOINTMENT**  
The commission pronounced the pastoral tie dissolved, ordered that the congregation pay Mr. Orr's stipend until the end of August and appointed Rev. R. G. MacBeth, D.D., as interim moderator of the session.

The second clause of the finding directing that Mr. Orr shall "cease to exercise the ministry of the Presbyterian Church in Canada until the divorce action now pending in the civil courts is disposed of and the commission is satisfied with the vindication of his character."

In the second part of the finding the commission condemned the "reprehensible" and "suspends him from holding office in the church for two years."

## ELLEN TERRY LOSES STRENGTH

Small Hythe Kent, England, July 20.—Dame Ellen Terry passed a fairly comfortable night and this morning her condition remained unchanged. The former actress still was in a semi-comatose condition, but was able to recognise her son and daughter. Dame Terry is eighty years of age.

## Four Toronto Men Accused of Robbery Appear in Court

Toronto, July 20.—Finley McLeod Sr., Alex McLeod, James McKibbin and John Sullivan, four of the suspects held in connection with the \$124,000 mail car robbery at the Union Station here June 19, appeared in police court to-day and were remanded until August 3.

## GREETINGS TO BE SENT OVER AIRMAIL ROUTE

Greetings will be sent by the Victoria Chamber of Commerce to the Vancouver Board of Trade by the first trip of the airmail service between the two cities next week, it was decided at a meeting of the directors of the local body to-day. The Victoria-Vancouver service will be the first all-Canadian airmail route in Western Canada, it was pointed out, and deserved the support of the chamber.

## Girl Snatched From Flames During Morning Fire Which Threatened Camp Centre

### EGYPT PARLIAMENT SUSPENDED THREE YEARS BY DECREE

KING FUAD

who signed the order yesterday by which Egypt was deprived of parliamentary rule for three years. The reason given by the ministry, which will go on directing affairs, was that there was no hope of ending the disharmony as long as the parties continued to meet in Parliament.

## GOVERNOR IS IN PLANE ACCIDENT

Head of State of Connecticut Escapes Injury, But Two Others Are Hurt

New London, Conn., July 20.—Governor John Trumbull of Connecticut, who has become known as the "flying governor," escaped injury and Lieut. Colonel J. W. Gilson, assistant State Adjutant-General and a member of the Governor's staff, and Private William Sabatka of Torrington, Conn., a mechanic, sustained injuries to-day in an airplane crash at Trumbull Field, the state's new airport here. Censorship was clamped on the field following the crash and officials declined to give out information until a board of investigation had reported.

## HOOVER WANTS NO KISSING OF BABIES IN HIS CAMPAIGN

Aboard Hoover Special Train at Vicks, Nev., July 20.—This isn't going to be a baby-kissing campaign as far as Herbert Hoover, Republican candidate for the Presidency of the United States, is concerned. He made this clear yesterday during a stop of his train at Montello, Nev., when a fond mother held up her baby for a kiss. "I will kiss no baby for publication," said Mr. Hoover.

## Friction Among Generals Is Revealed by Asquith In His Secret War Diary

The Times to-morrow will present the second instalment of Lord Asquith's secret war diary. In last Saturday's opening instalment the diary revealed the momentous happenings inside the British Cabinet at the outbreak of the World War and during the first week of hostilities. To-morrow's instalment opens with the second month of the war. It reveals the conflict of view and policy among the leaders in London and France. There was friction between Kitchener, the Minister of War and General Sir John French, commander of the British Forces in France; also between General French and General Joffre, who was then marshaling the allied forces for the great Battle of the Marne.

Residences of C. W. Bradshaw and C. H. Gray at Cordova Bay Completely Destroyed in Big Blaze This Morning; Another Home Is Saved After Catching Alight; Many Campers Fear for Sites in Heart of Summer Settlement

Fire which started and spread with startling suddenness at 7 o'clock this morning and threatened the large group of Summer campers at Cordova Bay left in its wake the ashes of two Summer residences and a garage in the heart of the holiday settlement. A determined fight by the Saanich Fire Department, who were handicapped by a meagre water supply, resulted in the saving of another house and garage in the immediate neighborhood.

## TOLMIE FACES BIG TASK IN TAX CUTTING

New Government's Plans to Reduce Levies Cause Wide Interest Here

Added P.G.E. Expenditures Big Obstacle to Any Drop in Present Imposts

With the Conservative Party about to take office in British Columbia in the next few weeks, politicians already are discussing the probable policies of the new Administration, and in particular its plans for reducing taxation, as forecast in its election appeal.

The first tax reduction is expected to be in succession duties, the Conservative Party having pledged itself to reduce them as rapidly as possible and eventually to abolish them altogether. The income tax is another levy which the new Government is expected to reduce, in accordance with its election statements.

Mining taxation also will be put on an entirely new basis, so that mines pay taxes only when they are making money. Whether this will involve a reduction in Government revenue or not has not become clear yet.

**MAKING UP BALANCE**  
How the net loss in revenue from taxation reductions can be met will form one of the chief tasks for the Government to handle. Possibly the present prosperity of the Province and its increase in business in all directions will automatically increase revenue so much that reductions can be made on that score. The present Government had adopted the policy of reducing levies as revenue grew and would have continued it.

(Continued on page 17)

## Robber Forces Man To Drive Him Off in Car

Oakland, Cal., July 20.—A bandit held up the Broadway branch of the American Trust Company here at 10 a.m. to-day, took \$3,452, leaped over the counter into the street and escaped in a commandeered car which he had stopped by brandishing his pistol. The car, containing a man and a woman, as well as the bandit, sped away toward Berkeley.

**THE DAMAGE**  
The damage done by the fire was: Residence of C. W. Bradshaw; total loss; furniture saved. Residence of C. H. Gray; total loss; all furniture destroyed; garage completely razed.

These buildings were situated some distance south of the Little Arctic Rooms, in a thickly-populated area of the waterfront. An unoccupied house owned by W. Head had caught alight when the fire department arrived, but the blaze was quickly extinguished and the house saved, as was the adjoining garage.

The fire started in the kitchen of the residence occupied by Mr. Gray, according to a report in the hands of the Saanich Fire Chief. Mr. Gray was lighting the fire in the store and had gone outside to fetch in more fuel. Returning to the kitchen he found it a mass of flames.

**SAVES CHILD FROM FIRE**  
Mr. Gray endeavored to re-enter the house to save personal valuables of the family, but the flames had spread with lightning-like rapidity and were soon eating into several rooms of the house.

Efforts were made to quell the blaze, but they were unavailing, and the family stood outside and watched the premises go up in smoke.

**CAMPERS WATCH FLAMES**  
A large crowd of Summer campers were attracted by the flames and the general alarm. Word was turned in to the Saanich Fire Department, which responded with the greatest speed possible.

(Continued on page 15)

## \$400,000 AWARD MADE BY JUDGE

In Toronto C. E. Campbell Wins Suit Against Company and Individual

Toronto, July 20.—Judgment for \$400,000 was given to-day by Mr. Justice McEvoy in favor of Charles E. Campbell, newspaper publisher of Edmonton, Alberta, against E. A. Wallberg of Toronto and the St. John Power and Paper Company. Mr. Campbell claimed \$1,200,000 commission in respect of the sale of newsprint to the Newspaper and Magazine Corporation of New York on the ground of his introducing the New York buyers to Wallberg.

Mr. Justice McEvoy ordered a reference to the master of the Supreme Court of Ontario to determine certain details of the judgment.

## COAST SOON TO HAVE NEW HOTEL

Construction of C.N.R. Building in Vancouver to Be Started By October

Vancouver, July 20.—Plans for the Canadian National Railways hotel in Vancouver call for a fourteen-story structure of stone and steel. It is announced by Colonel E. J. Ryan of the E. J. Ryan Contracting Company Limited, who returned to the city from Ottawa yesterday.

Construction would be started on or before October 1, Col. Ryan announced. "Once work starts there will be no delay," he said, "and the intention is to have the hotel completed and open for business January 1, 1930."

## Pantry Scouting Late at Night

WHAT makes a man scout through the pantry late at night? He has a hungry feeling. Yet ordinary foods do not appeal. Quaker Puffed Wheat, that's just what he wants.

Quaker Puffed Wheat entices appetite and satisfies hunger. Because of its lightness, it does not impose on the digestion. All the wheat bran is there, but delightfully concealed.

The man in the pantry likes the toasted, nutmeat flavour of these whole wheat grains. Puffed to eight times their natural size, and exploded, then cooked and oven-crisped. Serve direct from the package, or warm if you wish.

Quaker Puffed  
Rice, too

Rice grains, also puffed and exploded. Dainty and light. Easily digested. Always pleasing and inviting to the appetite.

## INDIAN PRINCESS WHO WILL GIVE RECITAL AT CENTENNIAL MONDAY

LOUISE MERRILL-COOPER—PRINCESS CHAUQUAGATH

All music lovers of Victoria and vicinity are looking forward with a decidedly keen interest to the greatest musical treat of the season, which is in store for them Monday evening at Centennial when Louise Merrill-Cooper, Princess Chauquagath, renowned dramatic mezzo-soprano, will appear in a concert programme of compositions by Robert Elmer Smith, Valet Stater author-composer, with the composer at the piano, who will also give a brief and interesting synopsis for the various numbers.

Miss Cooper's personality is most attractive and winsome, and with a voice so pure in tone, sympathetic in quality, and extraordinary in range, she sings with unerring taste as well as with nicest sentiment. She will appear in a programme will be one of charming variety and versatility, with cycles of Indian songs pleasingly alternating with the various groups of sacred, ballad, and nature songs, and will be made up of numbers selected from the following list of Mr. Smith's compositions.

Indian love songs—"Tsalina, My Wild Flower," "The Song of Yaxa," "Takowita," and "The Lost Arrow." Indian songs cycle, book 1—"Appeal to the Great Spirit," "Hopi Harvest Song," "At Sunset," and "The Pilot of the Plains." Indian songs cycle, book 2—"Tenleya, Chief," "Indian Canoeing Song," "Te Ata, the Dawn," "Singing Waters" (in Mas.), and "Hopi Indian Snake Dance." A Prayer for Rain. Nature songs—"Mount Rainier," "The Grand Canyon," "General Sherman

## EMPIRE ACCEPTS NEW PEACE PACT

Replies of British Commonwealth to U.S. Anti-war Treaty Note Made Public

Ottawa, July 20.—The Government of Canada, cordially accepting and endorsing the repudiation of war, "and is prepared to participate in its signature."

This is the tenor of the official reply by Canada to the United States Government's proposals for a treaty outlawing war. The reply, which was handed July 16 to William Phillips, United States Minister to Canada, for transmission to his Government, was made public here last night. It is very brief, reading as follows:—

"I desire to acknowledge your note of June 23, and the revised draft which it contained of the treaty for the renunciation of war, and to state that His Majesty's Government in Canada cordially accepts the treaty as revised, and is prepared to participate in its signature."

"Accept, sir, the renewed assurances of my highest consideration."  
(Signed)  
"W. L. MACKENZIE KING,  
Secretary of State for External Affairs."

## SIX REPLIES

Washington, July 20.—Replies of the Government of Great Britain and of five other members of the British Commonwealth—Canada, Australia, South Africa, New Zealand and India—accepting the revised United States draft of the Anti-war Treaty, were made public last night by the State Department simultaneously with their publication in London and Ottawa.

The British Government's answer accepts the revised treaty, but reiterates the British understanding of the terms of the pact in so far as they relate to the League of Nations or under the Treaty of Locarno, also with respect to the right to self-defence and automatic reduction from obligations to any signatory nation upon the outbreak of war. In addition, Sir Austen Chamberlain, British Foreign Secretary, reiterates his previous statement that Britain's acceptance of the new treaty "expresses the understanding that it does not prejudice her freedom of action in specified regions of which the welfare and integrity constitute a special and vital interest for our peace and safety."

The Australian reply was transmitted through Sir Austen Chamberlain, as were those of South Africa, New Zealand and India. However, the British Foreign Secretary's communication quotes textually the reply received by him from General Hertzog, South African Minister for External Affairs.

## LOEWENSTEIN ESTATE IS TO BE DIVIDED

Boulogne-sur-Mer, France, July 20.—Finding yesterday of the body of Captain Alfred Loewenstein, missing Belgian millionaire, cleared up most of the mystery surrounding his disappearance from a cross-channel aeroplane, July 4.

The Belgian authorities will still have to determine whether Capt. Loewenstein accidentally fell from the plane as it flew 4,000 feet over the English Channel, or deliberately wrenched open the exit door and plunged to his death. But the ugly rumors that the financier had perpetrated a gigantic hoax and was still alive were definitely set at rest by the finding of the body.

The battered body was found floating ten miles off Cape Gris Nez by the Boulogne fishing smack No. 555, Capt. Jean Marie Beraugrand, and was readily identified by a wrist watch engraved "Captain Loewenstein, 35 Rue de la Science, Brussels."

Otherwise the body was unrecognizable as it was in an advanced stage of decomposition. It is believed here the French Government will begin an official inquiry to establish whether the death was accidental or a suicide and if any of Capt. Loewenstein's fellow-passengers in the plane share any responsibility for his death.

One of the first results of the finding of the body will be to permit the preliminary work of winding up the vast estate of Europe's greatest "mystery financier." Had the body remained undiscovered, legal experts feared it would be years before this work could be completed and that the late captain's great holdings would be tied up indefinitely.

## MILK INQUIRY AT VANCOUVER

Vancouver, July 20.—Comparative freedom of the dairy herds of the Fraser Valley from bovine tuberculosis was a feature of the visit by Dr. W. H. Mackenzie, veterinarian in charge of British Columbia for the health of animals branch of the Federal Department of Agriculture at yesterday's session of the Vancouver milk inquiry.

Dr. Mackenzie told how the area had been declared a restricted area by the Dominion authorities in 1926. It embraced practically all the area which was shipping milk to Vancouver. A restricted area said the witness, was one in which the primary effect was the eradication of bovine tuberculosis. There were only ten such areas in the whole of Canada, and only one in British Columbia.

**PASTEURIZATION PLAN**  
Dr. E. T. Campbell, city medical health officer, advocated compulsory pasteurization of milk and cream used in the manufacture of ice cream. He declared the cream should be taken care of in the same way as milk.

## PRIZE LIVESTOCK FOR FALL FAIR

Prime livestock that has carried honors at many fairs in Canada and the United States will be shown at the Provincial Exhibition at the Willows August 20 to 25. W. H. Morris, secretary, announces. The entries promise the greatest collection of livestock ever seen in the city. An outstanding feature will be the prize winning six-horse teams shown at international shows, which will be on exhibition.

## Views of Leaders On Lead Treatment For Cancer Differ

London, July 20.—Marked differences of opinion with regard to the value of the method of treatment of cancer, using lead, employed by Professor Blair Bell of Liverpool, were revealed when the International Cancer Conference continued its meeting here yesterday, with distinguished experts from many parts of the world and leaders of the British Empire cancer campaign present.

Professor Bell said that although they had reached the stage of believing lead was detrimental to the cancer cell, they still had far to go.

J. B. Hume of St. Bartholomew's Hospital, London, declared that under the lead treatment even the strongest patients were converted into physical wrecks. In many cases the cancer growths had increased most rapidly and post mortems showed the liver had been severely damaged by the treatment.

Dr. Stanley Wyard, of the Cancer Hospital, declared that colloidal lead was absolutely valueless in the treatment of the disease.

The treatment found a supporter, however, in Dr. A. P. Thompson of Birmingham, who praised the lead treatment, and said fifteen cases had come under his notice, the improvement in some of the cases being most marked.

Sir Thomas Horder expressed the opinion that medical science had not reached the point of safety which would enable doctors to advise patients to undergo the lead treatment. He suggested further search for preparations of lead compounds with less toxic effects.

New York, July 20.—The New York Times says that J. Tingle, mysterious philanthropist whose benefactions lightened the cares of numerous writers and obscure poets, unused horses and poor children, has been revealed as William E. Harmon, retired real estate operator, who died last Sunday at Southampton, Conn.

WHEREVER THERE ARE FLIES USE FLY-TOX

## Kill the FLIES

You Can't Keep Your Food Under Glass  
FOR health's sake the food must be kept fresh, clean, pure. Flies must be killed. They taint everything they touch. Disease germs drop from the maggots ooze of the fly's filthy feet. That poisons food.

Use Fly-Tox. It is stainless, safe, sure. It costs little—half-pints fifty cents—and can be bought at your retailers. A trial sprayer is free with each small bottle.

**FLY-TOX**  
Kills FLIES, MOSQUITOES, MOTHS, ROACHES, SILVERFISH

## Parliament Of Egypt Suspended For Three Years

Alexandria, Egypt, July 20.—A decree suspending the Parliament of Egypt for three years, signed by King Fuad, was handed to the president of the Chamber of Deputies and Senate last night. At the same time a long statement addressed to King Fuad by the Ministry was made public in explanation of the Ministry's reason for advising the dissolution. This set forth that only by dissolution could the country be rid of factional political conflicts and prevent the danger of a revolution. Relations with Great Britain were not mentioned in the statement, but in diplomatic circles it was believed the move was made out of deference to Great Britain, because under the present parliamentary regime there was little hope that any agreement with the London Government could be reached. The Wafdist, main prop of the anti-British propaganda in Egypt, at an executive meeting yesterday resolved to defy the ban laid down by the Government, and to hold at Tanta to-day a meeting that had been prohibited.

## Al Smith Finds Opposition in His Own Camp in U.S.

Asheville, N.C., July 20.—Formerly declaring their intention to work and vote for the election of Herbert Hoover, Republican candidate for the Presidency of the United States, dry Southern anti-Smith Democrats, meeting in conference here yesterday, adopted a statement of principles and aims in their campaign against Governor Al Smith of New York, the Democratic candidate. The statement accused Governor Smith of failing to keep faith and declares undying opposition to him because of his stand on the prohibition question and his connection with Tammany Hall.

## Mounted Police Ship Goes North

North Sydney, N.S., July 20.—The Newfoundland steamer Beotic, under charter to the Canadian Government, left here yesterday on its third annual voyage from this port to the Arctic. The expedition, headed as on previous trips by George P. Mackenzie of the Northwest Territories and Yukon branch of the Department of the Interior, is hopeful of returning with a great collection of scientific data, and expects to cover much remote territory in securing this information.

The Beotic has on board a detail of Mounted Police to relieve officers who have done two or three years' service. Supplies are being carried for the various police posts. Others making the northern trip include Dr. L. D. Livingstone, who will spend a year in medical investigation in Baffin Land; J. D. Soper, an official of the Northwest Territories Branch, who will investigate wild life and native conditions, and Dr. E. F. Fink, master of the ship. The Beotic is expected back here in about six weeks.

## Long Aeroplane Flight Planned

Los Angeles, July 20.—Capt. Harry Lyon, navigator of the monoplane Southern Cross on its California-Australian flight, will have as his companions on his next long hop Mrs. Keith Miller and Capt. William H. Lancaster, British fliers, if his plans materialize. Following the break between Lyon and James Warner, radio operator of the Southern Cross, announced yesterday, Lyon to-day announced he had associated himself with the two British fliers for another proposed record flight—Mrs. Miller and Capt. Lancaster recently made a 17,000-mile flight from England to Australia.

## Prairies Will Need 75,000 Harvesters

Winnipeg, July 20.—Seventy-five thousand harvesters will be required to gather in the prairie grain crop in the fall, according to estimates submitted at a conference here yesterday between the Canadian Passenger Association and representatives of the Prairie Provinces, the employment and immigration departments, the Winnipeg City Council and farm organizations. Manitoba will require 12,000 harvest hands, of whom 6,000 will be obtained locally, while the requirements of Saskatchewan are placed at 40,000, and of Alberta at 23,000. Of the total, 25,000 hands will be obtained in the three provinces, 6,000 from British Columbia and 44,000 from Eastern Canada.

## Dr. J. T. Crawford Of Toronto Dies

Toronto, July 20.—Word of the death in Europe of Prof. John T. Crawford of the University of Toronto reached here yesterday. Professor Crawford had been in Europe on a vacation since the closing of the College of Education, of which he was principal. Allan, the only son of Professor and Mrs. Crawford, died on an expedition to Wrangell Island in 1921. One daughter survives them.

WEDDING TRAGEDY  
Newport, N.Y., July 20.—Wedding decorations of yesterday were removed to-day to prepare for the funeral of the late Albert Chalk, who refused to disappoint his bride when physicians informed him, an hour before his wedding, that an immediate operation for acute appendicitis was necessary. Wracked with pain, he went through the ceremony. "Just a little case of appendicitis," Chalk told his wife. The bride car became an ambulance in which he was rushed to a hospital late last night. The bride was with him when he died.

CAPITAL PUNISHMENT  
Stony Brook, L.I., July 20.—"Any nation that does not use capital punishment is defied. God has commanded that we take the life of a murderer." Rev. Roy T. Brumbaugh of Coatesville, Pa., told a Young People's conference here yesterday.

## GETTING ON WITH THE PEACE

PRACTICALLY THE WHOLE OF THE press of Great Britain has given its warmest approval of the British Government's acceptance of the provisions of the United States proposal to outlaw war as an instrument of national policy. Canada, the other Dominions, and India also have forwarded their acceptances to Washington.

Although it is unfortunate that the Baldwin Government considers it necessary to combine its approval of the Kellogg plan with certain reservations in respect of the proposed treaty's application to Great Britain's "spheres of influence," it is perhaps just as well that these qualifications—which it should not be necessary to exercise if all the nations that have agreed to subscribe to the agreement are thoroughly honest in their purpose—should be exposed to a clear view at the outset. It is not surprising, of course, that a newspaper such as The London Daily Herald, the official organ of British Labor, should emphasize this flaw, if the term may be used, in Great Britain's acceptance. It does not like the reservations and declares they are "sufficient to make the treaty futile and valueless."

This is an extreme view which should not be taken too seriously, although there is justification in the criticism up to a point. What The Herald does not admit, however, is that every organized movement towards peace reduces the danger of war by promoting a greater measure of mutual trust between nation and nation. If this is not taking place, no treaty in the world will be of much avail to humanity. To confess, moreover, that war is inevitable is to confess that the world is morally bankrupt.

To say the least of the Kellogg proposal, as The London Times points out, it indicates the existence of a new attitude towards the waging of war. This journal does not suppose that the principles of the treaty would lend themselves to universal application at once; but "history refutes the cynics who maintain that no improvement is possible." The London Daily Telegraph is more enthusiastic still; it welcomes the pact and Britain's acceptance as "a resounding success" for Mr. Kellogg's diplomacy. Scepticism in The Morning Post, of course, was to be expected. It has no faith in the League of Nations or any other organized peace movement. It very nearly stands alone among the great journals of the world in this regard.

We in Canada see in the Kellogg plan peace machinery which the United States will assist in running. It brings the republic, as The London Daily News reminds us, for the first time into a great partnership with the nations of the world. It may not mean the same as an application on her part for membership in the Geneva organization; but it is a practical expression of her willingness to put her influence as one of the greatest and wealthiest nations of the world behind the crusade for universal peace. Clearly Mr. Kellogg's proposal is the longest step yet taken towards the desired objective.

## ADVERTISING

"ADVERTISING IS THE MOST VITAL and forceful element in our modern economic life. Advertising is no longer on trial. Its success is proven."

In these words Mr. Ralph J. Meyers, classified advertising manager of The Seattle Post-Intelligencer, uttered a sound truth to the delegates to the Pacific Northwest Real Estate Association at the Empress Hotel yesterday. He could not have given expression to such a view in a more receptive atmosphere than that created by a real estate men's discussion. What would a realtor do without advertising?

Another point which Mr. Meyers dealt with, however, goes further than the plain truth of his statement in respect of the main principle. He points out that the advertising salesman is not merely interested in securing an advertisement or an advertising contract; he pays his call upon the businessman as an expert in the art of commercial publicity, and, as such, he is ready to advise the advertiser out of his wealth of experience of what attracts the public and gets results. That is easily explained. The advertising man is just as much an expert in his calling as the real estate man, the merchant, or the manufacturer is in his. It is a case of buyer and seller pooling their ideas in mutual interest.

No longer does the merchant tell the advertising solicitor that he can not afford to advertise because business is bad. That used to be an argument before this "vital and forceful element" was really understood by the merchant. Commercial publicity is budgeted for by the businessman and the great corporation in the same way as every other expense in

business is budgeted for, except that it is regarded as one of the most productive disbursements. It has been said many times that the merchant who does not advertise and advertise scientifically is neglecting his own interests.

## COMING BACK

ALTHOUGH IT MAY NOT BE A MAJOR issue, it is pretty certain that unemployment in the United States will be discussed extensively during the presidential election campaign. In this connection we may assume that the return of so many former Canadians to Canada also will be cited by Democrat speakers as convincing proof that the idle population of the republic constitutes a problem which is growing increasingly serious.

More than two years ago, it will be recalled, this northward movement began to assume such large proportions that the Department of Immigration opened an official record to take account of all those returning who had lived for six months or more in the United States, those who had left this country with the intention of residing permanently across the border. In a very short time it was revealed that something like five thousand a month were coming back. This volume has been fairly well maintained ever since. In fact the emigration and immigration figures as they relate to the Canadian-United States exchange of population very nearly balance one another.

There is in this condition a striking commentary upon the growth of prosperity in Canada. But it is even more significant and satisfactory for what it presages for the future than what it means in an economic sense at present. The fact that so many former Canadians are coming back with the intention of remaining here will deter others from going there.

Not only are Canadians in the States coming to Canada, but their example is being followed by United States citizens in large measure. Most of these are farmers with stock and implements, and they are among the most enterprising and contented settlers that come to our farming areas. The conditions to which they are accustomed are almost the same as conditions in Canada. As soon as they have obtained their land they are in a position to commence operations right away.

Incidentally, our public men ought to avail themselves of every opportunity of impressing upon the youth of Canada the importance of remaining and working on this side of the line. Untold opportunities await them here; but the young man or the young woman who is continually hearing the prosperity of the United States extolled naturally wants to go there. Some of our public men should be big and patriotic enough to refrain from making unfair and dishonest contrasts between Canada and the United States for the sake of cheap political capital.

## LOEWENSTEIN'S BODY?

THE WORLD MAY NEVER KNOW whether Captain Alfred Loewenstein committed suicide or whether his disappearance from his aerial liner while over the English Channel was the result of misadventure; but the weight of theories so far advanced heavily supports that of premeditated action. Tests made at a height over the channel at which the capitalist's plane was flying prove that an accidental lurch against the door of the machine would have met with such a volume of air pressure as to prevent the door's opening. In other words, a determined effort to open it would have to be made before exit of a passenger would be possible. If Captain Loewenstein is no more, however, it is to be hoped that the body which has been found by a fishing vessel is his. The mystery of his fate will be cleared up and such influence as the uncertainty of his whereabouts may have had on the money markets of more than one country will be a financial factor no longer.

## WHAT OTHER PAPERS SAY

### WHEN SUCCESS IS POOR

By Bruce Cutton

John Lunsman, junkyard keeper, died the other day at the age of eighty-six, leaving a fortune of slightly more than \$250,000.

For long years he had lived a life of privation, engaged in mean tasks, depriving himself of pleasure, comfort, decent surroundings, friendships, devoting himself solely to the task of saving money. He had succeeded; his quarter of a million dollars attests it.

Yet even in America, where money is placed on the highest of pinacles, it would be hard to find many people to agree that the old chap had led an enviable or admirable life.

You can get just about what you want out of life if you care to pay the price. You can use life as the means to an end, subordinating everything in it to the one thing you are seeking, making every act have reference to your goal; and, like the old St. Louis junk dealer, you will be successful.

Or you can look on life as something of an end in itself. You can view it as an experience; something that can be made to yield richness and fragrance from first to last. If you do that you will have time for little diversions along the way—time for the experience of love, friendship, devotion, self-sacrifice, fidelity and courage. These are the things that often have to be thrown overboard if one has too much singleness of purpose. But they are, in the main, the things that make life worth living.

Old John Lunsman had eighty-six years and \$250,000 when he died; yet, for all that, he can hardly be said really to have lived at all. He had his goal and he gained it, but you could not find anyone to say that it was worth the price he paid. And while few people sacrifice as much to get as little as he did, his case is nevertheless a valuable object lesson.

There is too much of a tendency to regard material success as the sole criterion by which life can be judged. It would be fine to be Henry Ford, no doubt; yet, beyond question, there are mechanics in Henry Ford's own factories, salaried in his own palaces, who have had more honest enjoyment out of life than Ford has had.

We need to be a little bit less in earnest about life. Too much looking to the future is apt to lead to an ignoring of the present. There is something to be said for the wisdom of the grasshopper as opposed to the wisdom of the ant.

## BRIDGE MADE EASY

by W.W. Wentworth

Abbreviations: A—Ace, K—King, Q—Queen, J—Jack, X—any card lower than 10.

### RAISING PARTNER'S BID

If you do not possess normal support do not raise your partner's bid on the first round. This is mandatory.

Regardless of the rest of your hand therefore, the first raise should not be made unless you hold normal trump support. If your partner, however, bids two of the suit without your assistance, the foregoing requirement is no longer applicable.

To raise your partner's bid once, your hand should contain two assisting tricks, and for each additional assisting trick, you may again raise your partner's bid once.

Your hand contains an assisting trick when you hold:

1—A quick trick, Ace or King-Queen, in a suit.

2—A well-guarded King in a side suit.

3—A X X or K X X or 10 X X X in trumps.

Your hand contains two assisting tricks when you hold:

1—A singleton Ace in a side suit and three trumps.

2—A blank suit and three trumps.

Do not raise on trump strength alone as on this hand:

Spades K X X X X

Hearts J X

Diamonds J X X

Clubs X X X

Imagine that your partner has bid one spade and second hand has bid two hearts. Hands on which you, third hand, should pass because of a lack of normal trump support follow:

1—Spades A X X X

Hearts X X X X

Diamonds A X X X

Clubs X X X X

2—Spades X X X

Hearts A X X X

Diamonds X X X X

Clubs K X X X

The WEATHER

Daily Bulletin Published by the Victoria Meteorological Department

Victoria, May 20—5 a.m.—The barometer remains high on the Coast and showers are reported in Central B.C. and Saskatchewan.

### Reports

and Moberg, Hector, Truen, Aitken, McKinnon and Clifford Laver.

A meeting of the Cumberland Council on Monday evening passed accounts and finished much routine business before its adjournment.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and direct. The writer must state the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or non-publication of letters is at the discretion of the Editor. No responsibility is assumed by the paper for preservation or return to the writers of communications submitted to the Editor.

FROM CAPT. MATHESON

To the Editor—I hope that you will give me space in The Daily Times to thank those who helped me and voted for me in this election. I have a sincere admiration for those men and women who worked for their principles with no thought of personal gain and regardless of any loss that may have threatened them.

Permit me to assure my opponents, who have been so discreetly silent, that I have no regrets. My charges stand. The statements that have been made are true, and no attempt has been made to refute them. And if the exodus of young Canadians from British Columbia continues, I hope that those who profess to regard it as a mystery will remember that an explanation has been offered. We shall never hold our own so long as the majority of our people are submissive to politicians who rob their country in the service of private interests.

CAPT. R. P. MATHESON.

397 Constance Avenue, July 19, 1928.

### APPRECIATION

To the Editor—We would appreciate your publication of the following letter:

To the electors of Victoria City:

We appreciate most sincerely the honor you have conferred on us by electing us to the Provincial Legislature.

While we extend our best thanks to all who gave us their votes, or helped us in any other way to win the election, we realize that we represent all the citizens of Victoria and that it will be our duty to work in the best interests of all.

R. HAYWARD.

J. HINCHLIPPE.

H. H. BEATTY.

J. D. TWIGG.

Victoria, B.C., July 19, 1928.

### TO SANICH ELECTORS

To the Editor—I would like, through your paper, to thank most sincerely the voters of Sanich who gave me their support on July 18.

I would also like to express my great appreciation of the untiring efforts of the Liberals of Sanich who assisted me in my campaign. Although unsuccessful I have no hesitation in saying

that a candidate could not have had more loyal support than that given me in the campaign just closed.

NORMAN W. WHITTAKER.

Shelbourne Street, Gordon Head, B.C., July 19, 1928.

### SAFETY FOR 1c A DAY

Your documents, jewels and other valuables are beyond danger in one of our safety deposit boxes. Open from 9 a.m. to 5 p.m. daily—1 p.m. Saturdays—offerings added convenience. Year's rental \$2.00 up.

### TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Daily Times, July 20, 1903.

(Associated Press)

Rome, July 20 (Associated Press)—Pope Leo XIII died at 4.4 this afternoon.

London, July 20—King Edward and Queen Alexandra, accompanied by Princess Victoria and their suites, left London 1 p.m. for Ireland.

Weather Forecast—Victoria and vicinity—Moderate to fresh northerly winds, light and warm to-day and Tuesday.

The Vancouver stockholders turned down the mighty New Westminster aggregation on their own grounds on Sunday afternoon by a score of 7-5.

The game was witnessed by more than 6,000 fans.

The Hoquiam baseball team defeated the Victoria team Saturday seven runs to four.

The old steamer North Pacific, Capt. Suddergreen, struck on the rocks near Marrowstone Point just south of Port Placer, at 2 o'clock yesterday morning while on her way from Seattle to Vancouver with passengers and freight, staggered along over boulders for a quarter of an hour, filling in the meanwhile, and finally sinking by the bow in deep water, leaving nothing but a small portion of the stern above water at low tide. Ten of the fourteen passengers who were aboard her at the time reached Victoria from Port Townsend on the steamer Majestic last evening.

It was a banner excursion that which went to Nanaimo yesterday to witness the baseball game the Victoria nine and the Black Diamond team. Nine cars left the E. &amp; N. depot in the morning crowded with excursionists.

The annual shoot of the British Columbia Rifle Association opened this morning at the Clover Point range under most auspicious conditions.

The dredge King Edward is now in the inner harbor and will commence operations to-morrow of deepening the harbor in front of the Post Office.

Yesterday the new Congregational Church on the corner of Pandion and Blanford streets was formally opened, the dedicatory being held in the forenoon.

U. S. Davis Cup Team  
Good Enough To Win  
Without Bill Tilden

Italian Players Unable to Cope With Americans in Two Singles Matches To-day and Fail to Win One Set; Hunter Loses Only Two Games in Defeating Gaslini in Straight Sets; Victory for the Americans Comes as Great Surprise

Auteuil, France, July 20.—The United States Davis Cup tennis players, minus "Big Bill" Tilden, produced a great surprise to-day by winning the first two singles matches of the inter-zone final contest with Italy, both in straight sets.

Only a handful of spectators braved the cloudy, sultry weather and threats of rain to visit France's new Davis Cup stadium for the opening of the inter-zone Davis Cup finals bringing the United States and Italy together. Only about 300 spectators were in the stands when Francis T. Hunter, who replaced Tilden, went out to play C. Gaslini, who replaced De Stefani as Italy's representative in the first match.

Hunter defeated Gaslini, Italy, 6-1, 6-0.

John Hennessey defeated Baron Humbert De Morpurgo, 6-4, 7-5, 6-2. Hennessey put up a great battle as his match with De Morpurgo got under way and the American won the first set. The Italian, who had been outclassed the Italian, whose last minute substitution for De Stefani far from helped the cause of the European contenders.

Paris, July 20.—The American tennis house that Big Bill Tilden built for 1923, just reaching the upper stories, suddenly crashed to the ground yesterday when the archer was deposed. Charged with violation of the amateur rule of the United States Lawn Tennis Association through the writing of newspaper articles "covering" the English championships at Wimbledon, Tilden was removed from the American Davis Cup forces yesterday on the eve of the inter-zone finals with Italy, by President Samuel H. Colom, of the association.

**TILDEN'S SMASHES MISSING**

And so, like a pasted-on structure, tumbled the Davis Cup organization. "Big Bill" had built with painstaking care for the recapture from France of the historic trophy, lost last year in a bitter series at Germantown, Pa., and for the first time in the Davis Cup history of the past nine years, Tilden's famous smashes and educated slices will be missing from the competition.

Ons sensation came over another other throughout the course of a day that rocked European and American tennis circles alike. Coupled with the announcement that the lanky American, in whose fiery nature rested more than half of his country's hopes of final victory, had been booted from the squad came the declaration of Joseph W. Wear, of Philadelphia, chairman of the American Davis Cup committee, that he would resign his office effective upon the team's return to the United States.

French tennis officials at first inclined to keep the Davis Cup in the fire, but then, after a consultation with the United States Lawn Tennis Association, they decided to let it go.

Oarsmen Begin  
Races To-day on  
Portland Course

Portland, July 20.—Five events of the annual championship regatta of the North Pacific Association of Amateur Oarsmen were set for to-day over the Willamette River course of the Portland Rowing Club. All events were charted over the standard Henley distance, which is one mile, 550 yards.

The meet to-day was to be devoted to the junior events and to-morrow to the senior competitions. The first competition scheduled was the junior singles, followed by the 140 pound singles, the junior fours, the 140-pound doubles and the junior doubles.

Three crews are entered for the titles at stake. The crews from Vancouver and Victoria, B.C., checked in yesterday. Vancouver brought seventeen oarsmen and Victoria nine.

CAPS PLAY  
TO-MORROW

Perform Against Everett in  
Two Games; Team From  
Lopez Here Next Week

Two baseball games will be provided for the fans to-morrow. The Victoria Capitals will play a double-header against a strong team from Everett, Wash. The first game will start at 2:30 o'clock and the second at 6 o'clock.

Jimmy Dangerfield will take the mound for the Caps in the opener and he will be opposed by Beckford of Everett. Jimmy is in first class shape while the visiting chucker is coming with a good reputation. A pitcher's duel is expected. In the evening fixture Ray Parfitt will start for the locals.

The teams will be as follows: Capitals—More Dangerfield, Webster, Cummins, McKenna, Forbes, Sallaway, Waechter and Dunn.

Everett—Pahey, Craven, Nease, Mercer, Beckford, Christy, Brown, Pollock and Sullivan.

**GO TO CHEMISTS**

On Sunday the Capitals will journey to Chemistown for an Island League fixture. Forbes will pitch for the local nine.

Next Wednesday the Caps will perform in another double-header, as the local management have arranged to bring in a team from Lopez, Orcas Island. The visitors have a number of players from Washington State College and are bringing over a pitcher who has not lost a game in the last two years.

CLUBMEN TO  
MEET SIDNEY

Commercial League Ball  
Teams Will Clash in Im-  
portant Game To-night

Tillieums and Westholmes will meet to-night at the Royal Athletic Park in an important Commercial League baseball game. The teams will get started at 6:15 o'clock.

In order to stay in the running for the championship the clubmen must pull off a win to-night. Lloyd Cann, their first string hurler, will pitch for them. He will be opposed by Al Mumery.

Should the Westholmes win to-night the league championship will be fought out between them and Sidney.

## McDUFFER

By BARRIE PAYNE

POOR OLD KRABBY! HE TOOK LESSONS FROM TEN DIFFERENT PROS AND WENT NUTS—HE'S BEEN DELIRIOUS FOR TEN HOURS!

DON'T SWAY YOUR RIGHT EYE—KEEP YOUR LEFT TONSIL STIFF—ADVANCE YOUR NOSE—PUSH ON YOUR ADAM'S APPLE—DON'T OPRO YOUR RIGHT EAR—RELAX—RELAX—RELAX—

WALKED THROUGH HIM

Right then and there it was arranged, and the tall American, who was to have faced the Italian nobleman in the principal singles engagement to-morrow, hastened with De Morpurgo to the stadium for perhaps the most momentous match either ever has played.

Both men were tremendously nervous, but the ease with which Tilden disposed of the Italian ace in three straight sets sent shudders through the American present and murmurs of "what might have been." Big Bill trimmed the baron 6-4 in the first set and at the Italian's insistence that they make it a "regular match" went ahead to swamp him 6-0 and 6-1.

## Dusky Daring Mermaid -By Jimmie Thompson

Entries for the C.N.E. marathon swim at Toronto in August continue to flock in. Latest among them is that of Edith Hedin the little Finnish girl, who in last year's contest fought a unique battle and was worsted in an extraordinary way. Edith had been in the water for some hours and was forging nicely ahead when a snake-like form emerged from the depths and attached itself to her wrist. There was nothing to indicate whether its chilly embrace was actuated by admiration for Edith herself, resentment at her invasion of its own domain, or desire for a choice dinner. Anyhow Edith drew the unwelcome creature from her and pluckily proceeded. Again in a minute the alighting thing threw a coil about her and again she tore it off and sprinted. This hostile reception annoyed the lamprey which now attacked for the third time, fastening itself unshakably to her back and administering a sharp bite. Crying with pain and terror the girl fairly leaped out of the water for the boat which accompanied her and decided it was useless to continue the contest under such conditions, which it surely was. Miss Hedin had at that time been only four months in Canada. She is the graduate of a Finnish high school and came here to better her English. At present she is working by day in a summer cottage and training by night for the big swim. That is the stuff with which marathon victories are often won.

GREAT FIELD OF GOLF STARS  
SEEKS CANADIAN OPEN TITLE

Toronto, July 20.—Representatives of France and Great Britain, the United States and Canada will endeavor to win the Canadian open golf championship at Rosedale Golf Club, Toronto, commencing July 26, the Royal Canadian Golf Association stated to-day.

The entry of Aubrey Boomer of St. Cloud, Paris, has been received and those of Archie Compston, hard-hitting British pro., and Walter Hagen, British open champion, are certain the association announced.

There are more than twenty American entries, including Tommy Armour of Washington, present title holder, and George Von Elm of Detroit, former U.S. amateur golf champion.

Young Seattle Net  
Player Is Surprise

Seattle, July 20.—Melvin Dranga, product of Seattle, and a self-taught exponent of tennis, tricked the dopsters yesterday by defeating Sherman Lockwood, San Francisco star, 6-0, 4-6, 6-4. Dranga was joined at the semi-final post by Bobby Sellers, University of California, who later No. 2 on the Pacific Coast. Sellers defeated Stanley Almqvist, San Francisco, who is a University of Oregon yearling star, in straight sets.

In the women's singles, third round, Josephine Cruickshank, San Francisco, beat Marie McNab, Vancouver, B.C., 6-4, 6-0.

In the girls' singles, second round, Marie McNab, Vancouver, beat Elizabeth Russell, Seattle, 6-1, 6-1.

In the mixed doubles, first round, Josephine Cruickshank and Sidney Smith, San Francisco and Tacoma, defeated Marie McNab and Don Lewis, Vancouver and Portland, 6-1, 8-10, 6-0.

Batteries—Yerkes and Alsmuth; Dumovich and Reed.

At San Francisco—4 8 1

Record List of  
Entrants Filed  
For Net Tourney

Toronto, July 20.—The thirty-fourth annual Canadian lawn tennis championship tournament will open here on Saturday. Officials state that the largest entry in the history of the event has been received. Six of the provinces are sending three representatives each, two adults and a junior, in addition to the very large individual entry. From the United States several stars are coming.

The official representatives from the western provinces are as follows: British Columbia, Gordon Shields, T. O. Ryall and J. Brown Jr., all of Vancouver.

Alberta—D. M. Dunsworth, J. McCaughan and Lindsay Carver Jr.

Manitoba—Walter Gyles, Gordon Pitt and E. McKuss Jr.

Entries from British Columbia also include Miss Marjorie Leeming, of Victoria, B.C. lady champion.

HOBBS TO PLAY  
IN TEST MATCH  
AGAINST INDIES

Famous English Batsman to  
Return to Team After Re-  
cent Injury

West Indies Expect to Make  
Better Showing Than in  
Their First Match

Manchester, July 20. (Canadian Press Cable)—The second test match between cricket teams representing England and the touring West Indies team will open here to-morrow.

The first test match which was played at Lords, June 23, 24 and 25, resulted in an easy victory for England by an innings and 58 runs.

The West Indies made a good showing in the field and at the start of their first innings, but seemed to lose their form. Commentators thought they got nervous under the strain of their first test match with England. It is thought, however, they may do better at Manchester. Three tests are to be played, the last one taking place at the Oval.

**HOBBS INCLUDED**

Hobbs, the great Surrey batsman, prevented by injury from playing in the first test match, likely will be included in the English eleven as he is back in the game and also back to his best form as his century against Nottinghamshire yesterday indicated. The team therefore probable will be: England—Hobbs, Sutcliffe, L. Tidy, Hammonds, Jardine, Chapman, Jupp, Tate, Smith, Larwood and Freeman.

West Indies—Challenor, Martin, Fernandes, Nunes, Constantine, St. Hill, Roach, Small, Ymal and Griffith.

London, July 20.—The two-day cricket match between the touring West Indies team and the County of Worcestershire, at Worcester, ended in a draw yesterday. The score being: West Indies, 410 for six wickets, declared; Worcester, 439 for two wickets.

For the County, Gibbons and Fox defined the West Indian bowling most of yesterday. The former made 200 and the latter 104, and both were undefeated when the match ended.

The Gentlemen's final defeat at the hands of the Players at Lords. The professionals made 423 in their first innings, and the score of the Gentlemen when Sunday's match ended was 200 and 176 for four wickets.

Closing scores in other matches were: Sussex, 481; Glamorgan, 386 for seven wickets (Davies 133 not out); Leicestershire, 235 and 363 (Armstrong 107); Hampshire, 180.

Northampton, 303; Surrey, 441 for five wickets.

Kent, 484; Warwickshire, 325 for two wickets.

Somerset, 332 and 149 for seven wickets; Nottingham, 383.

Lancashire, 486 for six wickets, declared; Essex, 233 (Russell 131).

**Canadian Marksman Wins Pocket Money**

Bisley Camp, July 20.—The total winnings of the Canadian Bisley team during the National Rifle Association's recent two weeks' meeting, it was announced yesterday, were \$1,800. Lieut. Desmond Burke, of Ottawa, who placed second in the King's Prize, was the best consistent shot, and won the most, \$540.

Major Richardson, of Victoria, won \$155.

**Dangerous Risk**

"Who will drive this car away for \$50?" sent the dealer's window. A man passed the store, read the sign and entered. "I'll take a chance," he offered. "Where's the money?"

Heeney Quits Training  
To Avoid Becoming  
A Grease Spot In Heat

With His Stubby Pencil New Zealand Challenger Figures That at Rate He Lost Weight Yesterday He Would Be Down to Lightweight Limit by Day of Eight; Kearns Likes Heeney; Tunney in Greatest Shape of His Life, His Physician Finds

Fairhaven, N.J., July 20.—New Zealand may have its hot moments but none Thomas Heeney contends, which can compare with some he had experienced in this vicinity since the weather really warmed up to its task.

For this reason and because the heat took five pounds off his ample frame yesterday, the challenger for Gene Tunney's crown was at ease to-day, ready to sit out the heat even if it lasts until he enters the ring with the champion.

The New Zealand blacksmith has been accused by some of being ready and willing to sit out any of his training periods at the slightest provocation, but there seems to be some sense in his decision to do no work to-day.

**WILL BE A LIGHTWEIGHT**

Heeney never was a great shark at mathematics, but he works with a stub pencil, and a primary arithmetic convinced him that a steady grind between now and next Thursday in the prevailing heat would fit him to meet not Gene Tunney but Sammy Mandell, the lightweight champion, the most to be feared of the camp.

The challenger is meditating upon sage words expressed here by Jack Kearns, who must be credited with knowing a thing or two about fighting, regardless of the opinion of Jack Dempsey. Kearns expressed himself as surprised at Heeney's condition, and remarked with a knowing nod that the New Zealand boxer was in splendid shape. His heart test indicated that he had accumulated much more reserve power than he has ever possessed before and the increased development of his shoulder muscles denoted greater punching power.

**TUNNEY TO BE SAVAGE**

Both of these incidents came up during the past week, but Tunney by his prompt denials overcame them without damage to his high strung temperament. Late this afternoon he started to go through the first of his last three training sessions. The champion is on the verge of fighting edge and the encounters were expected to be the most savage of the campaign. During the morning, he planned to hike about six miles, stopping often to get in his shadow boxing.

Tunney had a day of rest yesterday when his medical adviser, Dr. R. J. Shea, a New York surgeon, gave him a thorough examination. It showed that Tunney was in splendid shape. His heart test indicated that he had accumulated much more reserve power than he has ever possessed before and the increased development of his shoulder muscles denoted greater punching power.

**MIGHT HAVE TO DO IT**

It is no secret in the Tunney camp that the champion will try to eliminate the New Zealand challenger by his right hand punches and his actions with the sparring partners have indicated that he will keep Heeney out of the ring with his famous left jab, the punches that won his title, as he tries to beat-down the rugged New Zealander.

Tunney has already signed a contract with Tex Rickard for the next year. The terms call for a fixed percentage instead of the flat guarantee. This means that the days of the campaign have ended, unless the boxers can draw them through the gates. Tunney has admitted that his hold of the cash customers will be increased considerably if he disposes of Heeney in approved manner, by a knockout.

**BRITISH EMPIRE TO OPPOSE U.S. IN TRACK MEET**

Plymouth, England, July 20.—A track and field team, representing the British Empire, will stack up against the United States Olympic team at Stamford Bridge after the completion of the Olympic games. The Americans will also meet a German squad at Cologne.

Toronto, July 20.—A dispatch to The Toronto Star from London, England, says that Mrs. Alexander Gibb of Toronto, traveling to Amsterdam for the completion of the Olympic games, announces that six Canadian women athletes had accepted an invitation to participate in the international women's meet at Stamford Bridge, London, on August 9. British, French, German, Swedish and Belgian girl athletes will compete.

**SOFTBALL**

Scoring seven runs in the seventh inning, the Royals won a hard-fought softball game from Wilson Bros. at the Central Park last night by the score of 17 to 15.

In the Westholme League, The Colonist defeated The Times, 9 to 5, in a bitterly-fought contest. Langford scored out the Crescents by a 7 to 6 score, while Marigold accounted for the Colwood Wood Company, 14 to 7.

In the third quarter plenty of action was seen. They took the lead on Mitchell's goal and S. Hicks gave the millmen a more comfortable advantage with another counter. Still trying hard, the C.P.S. came back strong to even up the count when Sweeney banged home two goals. Sidney took the lead once more when Clanton beat Crossley.

In the third quarter Sidney scored the only goal, Mel Hicks being responsible.

Everett Taylor refereed and the teams were: Simpson, Anderson, Bowcott, Clanton, Hicks, Mitchell, Segolebra, Norton, Gilman, Reid and S. Hicks.

C.P.S.—J. Crossley, L. Crossley, Robinson, McClure, Sweeney, C. B. De Costa, Banks, Alexander, D. Biskell, Mercer and S. Robinson.

**Risko Meets Squires To-night If No Rain**

Detroit, July 20.—The Johnny Risko-Johnny Squires heavyweight boxing bout, scheduled for last night, was postponed yesterday until to-night. A downpour of rain made necessary the postponement of the bout, which was to have been an outdoor show. Jack Dempsey announced he will remain in Detroit to referee the bout, although he had made arrangements to leave to-day.

### EXPROPRIATION RULING IS MADE

London, July 20 (Canadian Press Cable).—The decision of the New Brunswick Appeal Court in the case of the New Brunswick Power Commission versus the Englewood Pulp and Paper Company was upheld by the Judicial Committee of the Privy Council here to-day, which dismissed both the pulp company's appeal and the power commission's counter-appeal, both without costs.

The case involved the amount of compensation the provincial power commission should pay the pulp company. The pulp company had added fishing rights to an arbitrator's figure of five per cent interest, and \$40,000 for of \$42,500. The company claimed upward of a million dollars, while the power commission wanted the original arbitrator's figure adhered to.

### A Secret about Salads and Sandwiches

Fashionable and experienced hostesses know that it is the dressing on the salad or in the sandwich filling that spells success or failure for their efforts. And that is why they prefer to make this dressing themselves. Freshly-made dressing has a tang and charm which add much to the flavour of any salad or sandwich, also it is pure — wholesome — economical.

Make your salad dressings in your own home — and use Colman's Mustard in every dressing you prepare.

**Send for FREE BOOK**

We have prepared a fascinating little booklet containing many delicious new recipes for Salads and Sandwiches. We will gladly send you a copy FREE upon request. Write to-day.

### VETS HIT HARD AND WIN GAME

Defeat Eagles 9-7 in Senior Amateur Ball Game; Bert Nex Hits Home Run

Hitting the ball hard the Old-Timers pulled off another win at the Royal Athletic Park last night when they downed the Eagles 9-7 in the Senior Amateur League.

The game was featured by the hitting of Bert Nex and Alex. Potts. The former in four trips to the plate potted out a home run, a three-bagger and a double. Potts in his four times at bat clouted out a like number of singles.

**OFF IN FRONT**

In the first inning the veterans garnered a one-run lead on three clean hits. The Eagles obtained a two-run lead in the second and third innings, but the Old-Timers tied it up again in their half of the third.

Three runs in the fourth gave the Old-Timers a comfortable lead. The Eagles scored one more run in the fifth, while the Vets checked home with two more in the sixth. The Eagles completed the scoring in the seventh when they went on a rally but were only able to score three runs.

**GIVEN GOOD SUPPORT**

Thompson twirled for the Old-Timers and got himself into a number of holes but was given good support by his team mates. He allowed eight hits, issued five walks and struck out five. Eric Whitehead occupied the mound for the Eagles but failed to pitch his usual game. He was nicked for fourteen hits, walked three and struck out eight.

### TENNIS TALKS

By GEORGE M. LOTT, JR.

Women's tennis was raised to a pinnacle last year never before approached except in the isolated case of the Mrs. Mollie-Mile. Lengien match of 1921. Last year during the Wightman Cup matches there were 10,000 people a day for two consecutive days in attendance at Forest Hills. That they were there for the sole purpose of watching women play is somewhat startling.

Yet every one of those 10,000 stayed until the finish each day, despite the fact that on the last day the next to last match had decided the fate of the cup. When it was over every one had had their money's worth. Everything that lawn tennis can give the spectator was furnished.

Tennis as now played by women is able to stand on its own when played by the best women players. More and more their game is being modeled after that of the men.

I think that the rise of women's tennis in both popularity and calibre may be attributed to two sources, namely, the Wightman Cup matches, and Helen Wills.

The Wightman Cup event has placed

**AFTER NIAGARA CONQUEST**—Here is Jean Lausier, atop the giant rubber ball in which he rode the mighty current of the Horseshoe Falls of the Niagara river. Lausier is shown in the bathing suit, just after being taken from the ball in which he went over the falls. Thousands saw the spectacle.

Women's tennis in an international light. Before these matches were originated it was generally accepted that England was supreme in tennis among the women. However, back in 1923, when it was apparently certain that England would win, the United States team swept the boards, 7-0, to the general surprise. Since that time each country has won two matches. From 1923 up to the present, women's tennis has come forward by leaps and bounds. The American public likes events with international flavor and the Wightman Cup competition has added this.

### HORSE RACING

Lincoln Field, Chicago, July 20.—Yesterday's results here were as follows:

First race, seven furlongs—1, Bun Thorne, \$45.90, \$17.20, \$9; 2, Little Guinea, \$9.20, \$5.50; 3, Congo II, \$5.30. Time, 1:29 2-5.

Second race, five and one-half furlongs; two-year-olds—1, Windy City, \$6.50, \$3.30, \$2.80; 2, Alkman, \$3.30, \$2.40; 3, For Luck, \$4.50. Time, 1:09 1-5.

Third race, mile and one-sixteenth; 1, Southern Elm, \$7.70, \$9, \$5; 2, Gera B, \$10.80, \$4.20; 3, Xira, \$2.80. Time, 1:50 1-5.

Fourth race, five and one-half furlongs; two-year-olds—1, Jeff O'Neill, \$6.80, \$4.10, \$4.40; 2, Mac Brooks, \$9.50, \$5.90; 3, Omatale, \$9. Time, 1:07 4-5.

Fifth race, six furlongs—1, De Wind, \$29.20, \$4.80; 2, Gold Mint, \$2.90; 3, Bonnie Khayyam, Time, 1:14.

Seventh race, mile and one-sixteenth—1, Torch, \$30.70, \$7.90, \$5.80; 2, Benaire, \$5.80, \$4.20; 3, Magic Wand, \$4.20. Time, 1:49 4-5.

### Western Canada Golf Tourney Is Now Down To the Semi-finals

Edmonton, July 20.—Four strenuous battles in two days found Jack Cuthbert, Winnipeg, defending championship, perched in the semi-final brackets of the Western Canada amateur tennis championship to-day, with an even chance of retaining the title, which he annexed last year at Moose Jaw. He advanced by eliminating T. G. Roberts, also of Winnipeg, in the morning, and Stanley Thompson, Toronto, in the afternoon, by a score of 2 up and 1 to play.

J. Montfield, of Edmonton, defeated Harold Parker, one of Winnipeg's outstanding amateurs, 3 and 2, and meets Cuthbert in the top half to-day.

The other semi-final brings together two stars, E. Oliver, Jr., and H. M. Stewart, Oliver advanced at the expense of J. R. Hanley, 4 and 3, while Stewart vanquished A. W. Matthews, 5 and 3.

### Westminster Royals Leave For Winnipeg

New Westminster, B.C., July 20.—En route to Winnipeg where they meet Winnipeg Westbrooks in the Western final of the Dominion soccer championship, the New Westminster Royals, B.C. champions, left there this morning.

Seventeen players and Trainer George Douglas made up the party, all being in the best of shape, and hope to qualify to meet the East for possession of the title trophy on July 28 and 29.

### Conscience Pricks, Costs Five Dollars On Freight Claim

Vancouver, July 20.—A five dollar bill and The Vancouver Province were the agencies selected by some anonymous correspondent to-day to arrange a conscience pricking. The five-dollar, accompanied by a brief note in block letters, done in pen and ink, reaching F. K. Clarke, freight claims agent of the Canadian Pacific Railway here, the note reading:

"Readjustment of freight claim. Please acknowledge in The Vancouver Daily Province."

Doubtful claims are frequent, Mr. Clarke said, but "conscience money" is as rare as pearls.

**Bare Fact**

Diner—Waiter, I asked you to bring my salad. I said—but we are not permitted to serve lettuce in the nude.

### Western Canada Golfers to Play At Jasper Park

Edmonton, July 20.—The 1928 Western Canadian open golf championship will be played over the Jasper Park golf course, if a recommendation made at the annual meeting of the Western Canada Golf Association here last night is approved by the Dominion parent body.

The recommendation was made by Winnipeg, Vancouver and Calgary for the Canadian open, but the first ballot, by unanimous decision it was voted to play at Jasper Park. The association also agreed to merge the Western Canada tournament with the major event.

The following slate of officers was elected for the ensuing year:

Honorary president—H. M. Martin, Edmonton.

President—C. Jackson, Winnipeg.

First vice-president—N. Byers, Saskatoon.

Second vice-president—J. Leslie Bell, Calgary.

Honorary secretary-treasurer—G. I. McKenzie, Winnipeg.

### LONG RACE FOR BICYCLE RIDERS

Island Road Club Will Hold Open Fifty-mile Ride on August 12

It was decided at the monthly meeting of the Island Road Club to award certificates to all riders who finished in the club twenty-five-mile road time trial in view of the meritorious rides that were put up. This is in addition to the three prizes offered to the three fastest riders.

The club is staging a fifty-mile open road time trial on August 12, for which the principal prize will be the Leslie Ravenhill Perpetual Trophy, a magnificent cup, which will be competed for annually at this distance. The entrance fee for this event will be 50 cents to non-members of the club. Further information and entrance forms can be obtained from the secretary, H. G. Bourne, 2309 Quadra Street.

### Miss Ryan Winner

Duesseldorf, Germany, July 20.—Elizabeth Ryan, veteran Californian, won three matches yesterday as the international tournament got under way. In the women's singles, Miss Ryan defeated Frau Lang 6-1, 6-0. Paired with Ronald Boyd, of Argentina, she advanced in the mixed doubles by eliminating Frau Borgardt and Menzel 6-3, 6-3. In the women's doubles she and Cecile Aussem, of Germany, defeated Frau Wilbreth and Frau Krush, 6-0, 6-0.

### NABOB CUP TO STAY IN CITY

Victoria Lawn Bowlers Retain Trophy in Competition in Vancouver

Vancouver, July 20.—Another of the feature events of the British Columbia lawn bowling tournament went to outsiders, when Howden and Hughes of Oakland captured the Tisdall doubles yesterday by beating Brown and Wilson of Burnaby, 13-10, in the final. The American players put up a splendid display all through the competition and were at their best in the final. In the semi-final, the Oakland pair won from Quartermaine and Russell of Vancouver, 15-12, and the Burnaby couple defeated Campbell and Booth, Cedar Cottage.

The Cedar Cottage rink, skipped by W. Wetherston, took home the Malin Cup, when they defeated Moir's rink of New Westminster, 15-12. In the final, Cedar Cottage rink scored the last three ends to win the match.

W. Warren, who played a great game throughout, captured the Seaton singles when he defeated Steele of C.P.R., 15-10, in the final.

**NABOB CUP STAYS HERE**

Victoria retained the Nabob Cup, a trophy for outside rinks, when two Victoria rinks met in the final at Stanley Park greens. The rink skipped by McCosh beat the quartette skipped by Owens, 15-10, in a most interesting contest.

Results in the competition follow:

First round—Sherwood, Victoria, 13; Low, Revelstoke, 14; Owens, Victoria, 17; Caldwell, Edmonton, 9; Barrie, Nanaimo, 14; McLean, Calgary, 5.

Second round—Patterson, Powell River, 21; Neilson, Merritt, 8; McCosh, Victoria, 19; Wayne, Bowen Island, 8; Lowe, Revelstoke, 13; Owens, Victoria, 16; Barrie, Nanaimo, 15; Storrie, Nanaimo, 12.

Semi-finals—Owens, 13; Barrie, 10; McCosh, 18; Patterson, 10.

### Two Cricket Games On; One Called Off

To-morrow's matches in the Victoria and District Cricket League will be as follows:

Victoria vs. Albions at the Jubilee grounds.

Five C's vs. Cowichan at Beacon Hill. The Incogs have a bye.

Arrangements had been made for a match between the Wanderers and a team lead by Wenman, unfortunately the match cannot go ahead and will not be played.

**Better That Way**

"Aren't the girls delightful in the water?"

"Yes, and what a relief to have their legs out of sight!"

### COURT SUIT ON FLIGHT PROFITS

Sydney, Australia, July 20.—A court injunction, restraining apt. Charles Kingsford-Smith and Charles T. Ulm, pilots of the transpacific plane, Southern Cross, from making any further use of the plane, was handed down here yesterday.

The injunction was asked by certain parties claiming a partnership interest in the profits of the California-Australia flight until the division of the profits could be threshed out in court.

**DAY'S WORK BEFORE BREAKFAST**

Rufus Isaacs, as described in "Lord Reading" (Geoffrey Bles), in his legal days went to bed at nine, so that he could get up at four and break the back of the day's work before breakfast. In court he was suave, imperturbable and a deadly cross-examiner. The sort of reward he would get was a 3,000-guinea fee and a refresher of 200 guineas daily in a case lasting twenty days. One day when a brief, marked 200 guineas was brought in, his head clerk said: "Drop it out of the window." His romantic career from the first time he visited India as a ship's boy to his return there as Viceroy, is dealt with in his phases as barrister, M.P., Lord Chief Justice, and during the Great War. There is a long account of the Marconi affair.

The average time consumed by telephone operators in answering more than 70,000,000 calls during a test in Ohio was 3.7 seconds a call.

**NOTICE**

We propose within the near future to change our name to the following:

**"EVAN, MONTGOMERY, HIBBERSON, TIMBER COMPANY, LIMITED."**

Signed, **EVAN, MONTGOMERY, HIBBERSON, BLAIR, TIMBER COMPANY LIMITED.** July 13, 1928.

**IN THE MATTER OF THE ESTATE OF SUSAN MARIA COOKE**

NOTICE IS HEREBY GIVEN that all persons having claims against the late Susan Maria Cooke, who died on the 24th of October, 1927, at the City of Victoria, are required to send to Miss Annie Beatrice Cooke, 119 Cook Street, Victoria, B.C., the "Creditors under the Will of the said Susan Maria Cooke, their names and particulars of their claims, and that after the 31st day of August, 1928, the said Executrix will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which she shall have had notice and that the said Executrix will not be liable for the said assets or any part thereof to any person whose claim she shall not then have received notice of.

Dated this 18th day of July, A.D. 1928.

## RETAIL TRADE

**EYES TRAFFIC**

Storekeepers Follow Pedestrian Flow; Realtors Should Watch

National President Henry Zander Will Speak Here To-day

Discussing the cause of and influences affecting the growth of any city, the controlling factors in the movement of business districts, delegates at the Pacific Northwest Real Estate Association convention, on their third day of convalesce here, heard the views of an expert in this line of research this morning.

W. H. Miller, prominent Tacoma business man, led this first conference of the day's sessions.

At the outset, Mr. Miller discussed a realtor's duty in the field of investment, and his admonition against indiscriminate buying carried weight.

It was in times of inactivity that an adept salesman, ability and strong argument, backed by logic, knowledge and a belief in the business were factors needed to overcome a buyer's timidity, he said. Yet it was just in

such times of inactivity when the best and most profitable purchases might be made, he added.

**CITY GROWTH**

The subject of city growth, the reasons for the being of a town, were discussed by Mr. Miller. Generally, he said, it was some sort of junction of travel routes which built a city.

He indicated the factors contributing to growth—the increasing trade, travel and toll; the coming of agriculture, first as a necessity to provide food, then as something additional to the income; the coming of industry.

These things and many more, with what natural advantages the land contained, gave the growth of civilization and settlement impetus. The bigger the city grew, the quicker was its progress, Mr. Miller added.

It was a law, Mr. Miller said, that governed the expansion of retail business. Where business waited, there moved the trade, he declared.

**FOLLOWERS TRAFFIC**

One of the retail merchant's best advertising mediums was his show window, Mr. Miller asserted, and it was natural to seek the most advantageous place for this display. Retail business, then, followed pedestrian traffic.

Mr. Miller expanded upon this idea of following the pedestrian traffic, watching the expansion of the residential districts, with a view to discovering the route which persons would follow

walking from their homes to stores.

The changes in the popularity of districts for home-owners, and other factors, contributed to this movement of the retail trade from place to place.

Mr. Miller had seen it move and appreciated the causes, he said. He probably had not seen all those causes, he said, or might have differed in his views from others who had studied the situation, but his reason told him his conclusions were based on logic, he said.

Considerable discussion followed this subject, and the speaker at the second morning session to-day. His subject in the real estate selling clinic discussion dealt with the means by which a realtor might better his sales record.

First, said Mr. Berge, the fallacies of the selling policy had to be corrected. He exhausted his subject in every technical and answered numerous questions.

**Dr. M. C. Holbrook** of Portland led a discussion on "How to Create New Business." He stressed the value of advertising, and his remarks were a complement to the address delivered yesterday by Ralph Meyers of The Seattle Post-Intelligencer staff who indicated the necessity of creating markets by display advertising.

A luncheon of officers of the association was called for noon to-day, which included past presidents, vice-presidents, directors and presidents and secretaries of local boards.

**Stephen Branson**, Real Estate Commissioner of California, and **Henry G. Zander** of Chicago, president of the National Association of Real Estate Boards, were speakers at this afternoon's sessions. Huge audiences greeted both these eminent men.

**GLAD TO COME**

Mr. Zander arrived, accompanied by Mrs. Zander, yesterday afternoon and was introduced to the convention.

"I am very happy to be here," Mr. Zander said, "and as I am scheduled to address you my words will be very few. We have completed a strenuous trip across the continent and appreciate very much being met by a big delegation here. We appreciate, too, the splendid arrangements made for us and for the whole convention at the hotel."

**BAQUET TO-NIGHT**

The delegates will assemble to-night for the last big function of the convention when they banquet at the Empress Hotel. Entertainment has been planned for the evening, and there will be, in all probability, more than 300 persons in attendance.

**John D. Rockefeller III, Heir to Oil Millions, Popular at Princeton**

Future Head of Oil Industry Does Not Smoke or Drink

His existence probably unsuspected by most of the population of the United States, a modest, warm-hearted, fun-loving boy of twenty-two, destined to be the future head of the eleven-billion-dollar Standard Oil industry and the Rockefeller benevolent trusts, has just finished his junior year at Princeton, where he won amazing popularity for his keen sense of humor, engaging character and ability to be a "good mixer."

An heir to one of the greatest fortunes in the world and fated to fill a powerful role in American industry, the favorite grandson of the founder of the Standard Oil is revealed as a thoroughly sincere, unaffected, likeable and human young man, serious in his studies yet fond of dancing, in the first sketch ever written about him, which appears in the forthcoming August issue of The Red Book Magazine.

According to John K. Winkler, his first biographer, John D. III. is given only a very slender allowance, is economical in his own expenditures but liberal in helping others out. In many ways he is like the others and unlike his famous grandfather. When students were allowed to have them at Princeton, he was not among the two or three hundred who sported motor cars. He doesn't drink or smoke, but has no ban on others, and impresses one by "the complete absence of any religious personality associated with his grandfather of the dimes and his father of the Bible class." Altogether, he is a clean-cut, healthy, wholesome type of American boy.

**ECONOMICAL HABITS**

"Once on the Bar Harbor Express to

New York, John D. Rockefeller, Jr. relatingly related an incident to show how simple and naive his children were," writes Mr. Winkler. "Mr. Rockefeller, Jr., said that when fifteen, his oldest son, John D. III., was amusing himself with a very old and dilapidated rowboat on the Rockefeller estate at Seal Harbor, Maine. A neighbor's boy happened along and turned out his nose. 'Huh,' he ejaculated, 'why don't you get a motorboat?'

"John D. III. regarded the other with unforgotten astonishment. 'A motorboat?' he exclaimed. 'What's that? Who do you think we are—Vanderbilts?'

"My guess is that John D. Rockefeller III. was spoofing both the neighbor's boy and his father. For John D. III. is highly intelligent. And he has a sense of humor.

"The Rockefellers are an astonishing clan, as well as financial oligarchy," continues the biographer. "In a day not so very far distant, John D. III. will, in all likelihood, become the leading figure in America's eleven-billion-dollar oil industry. It may be his destiny to lead the battle for control of the world's oil fields—a battle in which kings and countries are already but pawns. Certainly he is destined to direct and continue the great Rockefeller benevolent trusts. Thus, industry into what sort he is, man or boy, becomes rather more than of private interest.

"Well, though John D. III. still calls himself a 'college boy,' he is a man full grown in appearance, outlook, maturity. He has no intention of fleeing his heredity. He knows that real men accept and do not seek escape from responsibilities. In society, quiet consciousness of strength, dislike of display, he is a true chip off the old block, both old blocks. But this young man possesses other and more human qualities that augur well for the historical verdict that will eventually be written of his clan.

"John D. III., Princeton, '29, has a sense of humor, of gaiety, of undisciplined, unduly human pleasure. He is able to mix with and win the confidence of his companions. There is no touch of the synthetic about him. He has never been interested in smoking or drinking, but there are whistlers and cigarettes scattered about, and John's closest chum and roommate, Benson Blake of Baltimore, enjoys a go at a pipe or a cigar. The last junior prom John escorted a girl, danced every number and howled with others for encore.

"John III. doesn't shrink in the least from a hot modern dance. He is fascinating. He has an instinctive aversion for things that are merely dull and dirty. He hasn't much time for lighter reading. He is majoring in economics, and the school publication, the John Stuart Mill and Sinclair Lewis are a good deal more than a half-century past.

"Blake and Rockefeller occupy a typical Princeton life. He has a study and two bedrooms, and the sort of suite a \$10,000 a year business man would select for his son.

**GO INTO FAMILY BUSINESS**

"If a stranger dropped in to chat with young Rockefeller, the first thing he'd notice about the young man, rising six feet tall, pale, city-bred, and would be the complete absence of any evangelical personality associated with his grandfather of the dimes and his father of the Bible class. He is mild-mannered, a bit shy, but no whit lacking in virility.

Dress him as to his immediate activities when he leaves college, and he will reply that he has not definitely decided to take a job at 25 Broadway. 'May do some post-grad work,' he explains. 'Maybe law or business administration or something else. Father has left me free to choose.'

"John D. III. was 'prepped' for college at Loomis School. At Loomis his extra-curricular activities were tennis and the school sports. In his freshman year at Princeton he competed for membership on the business board of The Daily Princetonian, the student newspaper. He was elected, the first man of his class to be chosen. He has been an active member of the business board since. He won this job by dragging in more ads. than any other freshman, and he did this entirely without employing the prestige of the family name.

"As a sophomore John was one of the eight members of his class chosen to compete for the management of the football team. The figure of Rockefeller, tall, slight, brown-haired, was familiar in the Princeton football circle. He carried water, pumped up footballs, polished equipment and made himself generally useful. 'Didn't win the job, but I had a lot of fun,' grinned Rockefeller.

"At Princeton the campus religious society is called the Philadelphia Society. In his unassuming, intelligent

grounds. He went to boarding-houses where the foreign-born live, to Dorthea Hall, where they are fed. He carried simple books on English grammar and pronunciation, and painstakingly assisted them in grappling with the intricacies of a strange tongue.

"Often, now, boys and men whom he has taught bring their problems to him. He talks with them, gives freely of his time. And if a dollar or two will help, he digs up the dollar from his allowance, which is exceedingly slender."

## NEWS IN BRIEF

Mr. Justice Murphy heard a brief list of chamber applications in the Supreme Court to-day.

Elsie Grey, charged in the City Police Court this morning with vagrancy, was remanded until to-morrow morning for hearing. She pleaded not guilty to the charge.

The blessing of St. Christopher will be observed on Sunday at 8 p.m. at St. Margaret's Church, Strawberry Vale, Rt. Rev. Mgr. Leternie officiating. Medals and posters intended for the children medals at the church before the service.

Severely ill, accompanied by Constable Bailey of the Provincial Police, last night arrested Matthew Bigger aboard the Niagara upon her arrival from the Antipodes. He is being held for investigation by the immigration authorities.

Charged with permitting drunkenness to take place in his home at 1355 Carlisle Street Robert Spouse was fined \$50 in the City Police Court this morning. In default of payment he was ordered to serve thirty days imprisonment. The accused pleaded guilty through counsel Oscar Bass.

The assault charge against Samuel Strange, police constable, and Christopher McEae of Vancouver, laid by Walter Harbord, was remanded until next Thursday in the City Police Court this morning. The charge of assault brought by Constable Strange against Walter Harbord was also set over until next Thursday.

The Saanich Council last night referred to Medical Health Officer Dr. D. Berman a protest from E. G. Bailey against pollution of open ditches on Burnside Road by sewage emanating from nearby residences in Saanich. Mr. Bailey filed his objection with the City Council, which forwarded the complaint to Saanich.

Construction of a concrete culvert on Cordova Bay Road, Mt. Douglas Park, was last night awarded L. G. Scott by the Saanich Council, the bid being \$2,095. The work will be made by the municipality, and with construction of the road is expected to bring the cost of replacing the condemned wooden bridge to about \$4,500.

Because Saanich has already invested \$7,000 in new fire fighting equipment this year, the municipal council last night refused to purchase 500 feet of new fire hose, deferring the addition to next year. The council was informed that recently the fire fighting equipment of this year, the municipal council last night refused to purchase 500 feet of new fire hose, deferring the addition to next year.

Elimination of payment of commissions on real estate property has had no deterrent effect, the Saanich Council was last night informed by Clerk Sewell. Many sales at the last year, the municipal council last night decided to take no action upon a request from the Real Estate Board for an opportunity to protest against the decision to refuse to pay commissions on sales negotiated by realtors.

Sir Henry Thornton, president of the Canadian National Railways, feels that Victoria's efforts for development should be more along tourist and residential lines than industrial. P. B. Fowler, president of the Chamber of Commerce, reported to a directors' meeting of that body to-day, following an interview with the C.N.R. head, when he was in the city recently.

J. W. Chadwick, deputy city clerk of Barrow-in-Furness, England, was a visitors' meeting to-day. Mr. Chadwick, guest at the Chamber of Commerce dinner, stated his impressions on a tour through Canada had been most favorable. He particularly appreciated the kindness and sociability with which he had been received during his tour, he said.

Miss James, daughter of Oscar Street, is spending the summer at the Swan Island Lake as the guest of W. E. Ditchburn at her summer cottage.

## Motion Picture Project Is Heard By Chamber Heads

A communication from Wyndham Standing of Stohl Picture Production Limited, London, England, asking for information in regard to the establishment of a motion picture studio in the city, was read at the meeting of the Board of Directors of the Chamber of Commerce to-day.

Mr. Standing intimated that an all-British picture such as would be produced by the company would fulfill the new quota law.

The Chamber of Commerce has been in touch with a committee of the City Council on the matter, and the council has been in communication with Mr. Standing in regard to various facilities, studio sites, taxes and water rates.

for this portfolio but both were defeated.

The agricultural department will either be retained by the Premier himself or will go to J. W. Berry, of Delta, as representative of the Fraser Valley, it is thought.

## CONSERVATIVES TO GET THIRTY-FIVE MEMBERS, NEW COUNT INDICATES

(Continued from page 1)

While Premier-designate Tolmie was spending his time quietly at his home here and making no comment on the election, a definite move to retain Premier MacLean in the leadership of the Liberal Party got under way.

From many parts of British Columbia came representatives in favor of the election of an Opposition Leader, and that he will be able to find a seat without difficulty was certain.

Among politicians influential in both parties the possibility of allowing the Premier to enter the Legislature unopposed was under active discussion to-day. In return, it was suggested that Liberals allow the new Conservative Cabinet Ministers to be returned at the necessary by-elections by acclamation. The latter arrangement probably would be satisfactory to the present Government and probably to its local supporters in the constituencies involved. There appears to be no disposition to fight these by-elections.

Up to the present Dr. MacLean has declined absolutely to indicate his plans.

"Since the election I simply have not thought about the future," he said to-day. "The campaign was tiring. I am resting up before I make any plans at all."

The cabinet will be called into formal session Monday morning when definite plans for placing its resignation in the hands of the Administrator, Chief Justice Macdonald, will be discussed. The first Minister to arrive here after Wednesday's election was Hon. J. H. Sutherland, Minister of Public Works, who was elected again in Revelstoke. Hon. E. D. Barrow, Minister of Agriculture, defeated in Kamloops, will be here later in the day. Hon. J. H. Sutherland, Minister of Public Works, who was elected again in Revelstoke. Hon. E. D. Barrow, Minister of Agriculture, defeated in Kamloops, will be here later in the day.

The cabinet's first business will be to give a lead to the party on the question of Dr. MacLean's future. This is expected to be a Thursday afternoon session. The cabinet will be called into formal session Monday morning when definite plans for placing its resignation in the hands of the Administrator, Chief Justice Macdonald, will be discussed. The first Minister to arrive here after Wednesday's election was Hon. J. H. Sutherland, Minister of Public Works, who was elected again in Revelstoke. Hon. E. D. Barrow, Minister of Agriculture, defeated in Kamloops, will be here later in the day.

Meantime the Premier gave instructions to-day to all departments, in the absence of their ministers, to take no action involving Government policy, only routine business being to be carried out during the present interregnum. No public works contracts of any importance will be awarded, the Premier announced.

## Great Armada In Elliot Bay

Elaborate preparations are being made in Seattle for Fleet Week which will be held this year from August 6 to August 11, during which time two British ships, H.M.S. Durban from China and the H.M.C.S. Vancouver from the station in Esquimalt will participate in the fleet maneuvers. Both ships will be in the city for a number of days, and the Alaska waters but should return in time to be in Seattle Harbor on the morning of August 6, where great preparations have been made to receive them.

The first of the great armada which will cast anchor in Elliot Bay between now and August 6, arrived this morning. Seven great battleships made up the first contingent who will make Seattle Harbor their home for the next three weeks. These seven ships were the Arizona, the Pennsylvania, the Maryland, the Colorado, the Tennessee, the New Mexico and the Mississippi.

## CONTRACT FOR NEW HOME LET

W. E. Tapley Building \$17,000 Residence at Ten Mile Point

Construction will start in the near future on a two-story Tudor style residence at Ten Mile Point, on the estate recently purchased by C. H. L. Branson. It was announced this morning by P. E. Leonard James architect.

The contract which amounts to about \$17,000 has been let to W. E. Tapley. The residence will be an attractive design containing considerable half-timber work. Hardwood flooring, paneled stairs and hot water heating are features of construction. The basement is to include a two-car garage.

## SALEM MAY BE CONCLAVE SEAT

Northwest Realtors to Elect President and Choose Convention City To-day

The convention of the Pacific Northwest Real Estate Association will elect its next year's president this afternoon in session at the Empress Hotel, and will choose its 1929 convention city.

Mentioned as a likely successor to Sherwood Williams, La Grande, Oregon, present president of the association, was George Spencer of Seattle, a director of the Real Estate Board of that city.

Salem, Oregon, was mentioned last night and to-day as the 1929 convention city. Salem has made representations to the convention for next year's convocation of realtors.

While the election of officers and the choosing of the convention city is before the delegates, the ladies of the convention will be driven by automobile to a garden party at the beautiful home of Mrs. F. B. Pemberton, Poul Bay Road.

## CONGRESS OF MEXICO IS TO MEET JULY 30

(Continued from page 1)

President Calles to-day was under a heavy military guard. The precautions were taken at the request of his friends, although President Calles had rejected any suggestion that he was in danger.

Police Chief Zertuche exhibited De Leon Toral, the assassin, to a group of Mexican and foreign newspapermen at police headquarters to put an end to reports that he had been executed secretly or had been mutilated by torture.

The slayer was paraded up and down the chief's office. He sat down in a chair and arose again for the benefit of the press. Then the chief asked: "Can you talk?"

## OVERNIGHT ENTRIES AT VANCOUVER

## The "CRAIG"

Canada's Outstanding Piano VALUE

It is a fact, beyond a shadow of doubt, that the Craig is the most remarkable pianoforte value in Canada. In outward appearance, finish, smoothness of keyboard action and musical quality, it is every bit the equal of instruments priced \$100 higher. You must not fail to see the new "Craig" models, at

## SPEEDY TRIAL IN COUNTY COURT

Hearing of Rex Versus Nellie Anderson Opens Before Judge McIntosh

Rex, vs. Nellie Anderson, a speedy trial in County Court following a commitment for hearing after proceedings against the accused in the City Police Court, opened before Judge McIntosh this morning, and is now continuing after the luncheon recess.

The defendant is charged with making an unlawful use of an instrument. Henry C. Hall appears for the Crown and Stuart Henderson for the defence. The prosecution repeated this morning evidence given at the preliminary hearing, and the trial is continuing with the defence yet to be heard.

## Lincoln Field Results

Special to The Times

Second race, five and one-half furlongs—1. Tuberosa (Dubois), \$5.00, \$3.20, \$2.40; 2. Sport Dress (Gevin), \$4.10, \$2.90; 3. Maiden's Trust (Howard), \$3.20.

Third race, one mile and one-sixteenth—1. Dearborn (Malley), \$9.20, \$5.70, \$4.60; 2. Ethel Sherlock (Miller), \$5.50, \$4.10; 3. Pride (Garner), 4.90.

Fourth race, five and one-half furlongs—1. Roy (Richards); 2. Yam Toy (Kelly); 3. Cardo Bianco (H. Hardy).

## FIRE RAZES CORDOVA BAY SUMMER HOMES

(Continued from page 1)

On arrival of the fire apparatus, the adjoining residence of Mr. Bradshaw was enveloped in flames.

When it was evident that nothing could be done to save the Gray home, volunteers worked to turn their attention to the Bradshaw residence, and the furniture was removed, while the flames gradually caught hold. This structure was beyond saving when the fire department reached the scene. Lack of water greatly handicapped the fire-fighting force. A nearby well with only a small draught, was utilized, but the supply was insufficient and an emergency tank was pressed into service. Efforts were directed upon the home of Mr. Head, which had in the meantime been scorched and was afire

# STOCK MARKETS FINANCIAL NEWS GRAIN MARKETS

## TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Limited)  
Winnipeg, July 20.—Wheat: Wheat market was strong and very active today with a fairly large business passing. Opening prices were from 2 to 1 1/2 above last night's close with the strongest based on a large export business worked overnight, which was believed to be around 3,000,000 bushels. Exporters and seaboard houses and included a fair proportion of three and four grades. Further business today was buying July and selling October, while the offerings of October were largely absorbed by shorts, who were forced to cover.

In the cash market there was an excellent demand for all grades and with the exception of three Northern, which remained unchanged all spreads were one cent better. All supplies of the day were in strong hands, and will likely be cleaned up, the balance now left being three Northern and three through, with a small lot of one and two Northern.

Deliveries into the clearing house yesterday and again today ran about 1,750,000 bushels. This was all three Northern, and is said to have passed into strong hands, and will likely be shipped to seaboard to be in a position for immediate shipment. The weather in Western Canada continues favorable with moderate temperatures. Further rains were received in Southwestern Saskatchewan and Southern Alberta, an area that can stand lots of precipitation. Forecast is for a little higher temperatures. Further rains were received in parts of winter wheat belt, which is delaying harvesting and said to be hurting the quality, but movement of the new crop continued very heavy. Local crop has become a little apprehensive as regards rust development as the weather now looks a little more favorable, and the crop has still two weeks to go before it will be safe. The market looks as if it might do a little better for the next few days, although export business will not likely keep up to anything like today's level. Winnipeg futures closed 2 1/2 to 1 1/2 higher.

Coarse Grains: These markets were all strong to day largely in sympathy with the advance in wheat and the healthier feeling. There was some buying of no export business, and only a moderate domestic demand for low grade barley and rye. Oats closed 1 1/2 to 1/4 higher, barely 1/4 to 1/2 higher and rye 2 1/2 to 1 1/2 higher.

Flax: Continued dull and featureless. Very little doing, prices just holding steady and closing quarter lower to quarter higher.

# Book of Knowledge

Sketches by Bessy.  
Synopsis by Braucher.

## SALT DEPOSITS

In America much salt is obtained from deserts where, long ages ago, salt water evaporated, leaving the salt behind in great deposits. The artist has sketched above the plowing up of desert salt in California. The salt production of the whole world amounts to more than 13,000,000 tons. Not all of it is eaten; some is used for chemical purposes and for preservation.

By M.A. Through Special Permission of the Publishers of The Book of Knowledge. Copyright, 1923-26.

This shows the bottom of a salt shaft at Slanic, Rumania. The shaft produces 80,000 tons of rock salt every year.

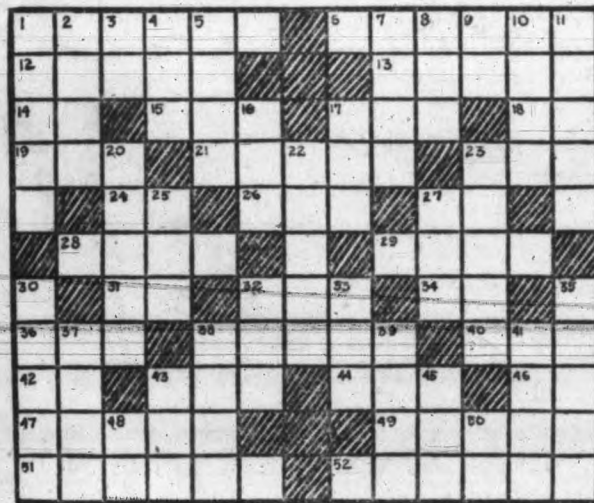

Workmen here are covering a heap of salt with clay to protect it from the rain. This is a custom in the south of Europe.

Here is sketched a scene in the great mine at Wieliczka, Poland, where the rock salt is hewn out of the wall. Ponies, many of which are blind, draw the cars laden with salt, and 2000 men work in the mine day and night. The mine is lighted throughout with electricity and is a sort of underground city. It has been worked since the thirteenth century.

  - Who was the composer of the "Peer Gynt Suite"?
  - Three and seven.
  - Long bench in a church.
  - Medieval tunic.
  - Ordinary or conventional.
  - To make amends.
  - Light brown.
  - Mineral spring.
  - In what state is the largest sawmill in the world?
  - Soft mass.
  - To scatter hay.

Solution of Yesterday's Puzzle

## To-morrow's Horoscope

SATURDAY, JULY 21, 1928  
The early morning is an auspicious time to start any engineering or contracting projects.

Under this way executive work of every sort is well directed. It is a time to push business or manufacturing interests.  
Afternoon and evening are favorable for associating with men who are successful, especially those from whom favors may be expected.

The evening is fortunate for meetings or banquets at which public questions or political happenings to be discussed.  
This is not a lucky day for beginning any important venture or for opening new places of business.  
There will be novel occupations developed as the Autumn advances, it is

The signs point out that this is a transition time in the development of women for public service and for this reason they will encounter opposition, especially where rewards for political work are sought.  
Children born on this day probably will be industrious and able to win high place. They should be protected

from their friends for they will be great favorites with persons of both sexes. Persons whose birthdate it is have the augury of success in chosen vocations. The year should be prosperous, if pleasure does not interfere.

## COUNCIL WRATH STILL SIMMERS

Saanich Council Refuses  
Water Supply to Dis-  
approved Subdivision

C. L. H. Branson, prominent stock  
broker of Victoria, is about to erect a  
ten-room residence on Seaview Road,  
Ten-Mile Point, Saanich, at a cost of  
\$14,000, according to the building per-  
mit. Work will commence next week.  
Mr. Branson last night informed the  
Saanich Council, when applying for  
immediate extension of a nearby water-  
main for a short distance.  
Reeve Crouch recalled that Mr. Bran-

son's property is part of a subdivision  
refused approval by the council be-  
cause of inadequate road allowances.  
The plan had been approved by the  
Lieutenant-Governor-in-Council, over  
the objections of the council, and the  
council had then formally resolved that  
it would in no way take cognizance of  
the subdivision, Reeve Crouch stated.  
Mr. Branson protested that his ap-  
plication was for water service, and the  
manner whereby the subdivision had  
been legalized was a closed issue.

**TERMS OFFERED**  
The council later decided that exten-  
sion of the water mains will be made  
when Seaview Road becomes sixty-six  
feet wide.

## REALTORS TELL OF HOME TOWNS

Speakers From Oregon and  
Seattle Praise Attractions  
of Their Cities

There were six orators in the hon-  
town speaking contest, a part of the  
program of the Pacific Northwest  
Real Estate Association convention held  
last week here, who spoke to a large  
audience of delegates in the Empress  
Hotel last night. Representatives of  
Seattle, Tacoma, Bellingham and Long-  
view in Washington and Portland and  
Salem in Oregon gave brief but com-  
plete outlines of the industrial pro-  
gress of their home towns and a pic-  
ture, in each case, of the beauties to be  
found there.

The rules of the contest gave the  
speakers but five minutes in which to  
deliver their addresses. Each man was  
judged on the merits of his talk from  
the standpoint of composition, language  
and delivery.

Lonely Crease, K.C., Cuthbert  
Holmes and Major L. Bullock-Webster  
were the judges.

Briefly the chairman, Stewart G.  
Clark, introduced the six contestants and  
called them to the front of the audi-  
torium. There they awaited their turn  
to speak while the chairman read the  
rules.

**PROGRESSIVE CITY**  
J. F. Ulrich, Salem, Oregon, delivered  
his remarks in humorous vein, but be-  
cause of the almost constant laughter  
of the audience he failed to conclude  
his address. He said, however, how-  
ever, to give his hearers an idea of the  
progressive spirit and sound economic con-  
ditions of his home town, he said that  
Salem was the centre of the greatest  
hog acreage of the United States, he  
said, and among other things was  
famous for its hogheries and its  
pork, nuts and other products of the  
soil.

Gilmour Nicholls of Tacoma appealed  
to his audience with a resume of the  
past years of Tacoma's progress. The city  
was in the midst of a great industrial  
and agricultural territory, was a trade  
centre of great possibilities and boasted  
an immense industrial population and  
payroll.

**CLOSE TO CANADA**  
Bellingham's representative, R. Quinn  
Fisher, never finished. But what he  
said about Bellingham influenced his  
audience immensely for he was ac-  
cording one of the most enthusiastic  
greetings when he stepped down from  
the platform, after talking into the  
microphone. His talk of the little Wash-  
ington seaport, a hive of activity in  
many industries, boasting an agricul-  
tural hinterland equalled by few and  
excelled by none, as he said, was  
convincingly delivered. Another advantage,  
said the speaker, was that Bellingham  
was close to the Canadian border.

Leith Abbott of Longview, Washington,  
told of the almost miraculous growth  
of that city within the last five years.  
It was supported by the timber industry  
and the rich minerals lying in close  
proximity to it, he said. Longview was  
set amid scenery of great beauty. It  
appealed both to the man and woman of  
leisurely habits, anxious to enjoy the  
luxuries and to the fullest extent, the  
pleasures of life and to those who were  
eager to expand and to progress in  
other fields.

H. W. Osborne, Portland, Oregon,  
brought a picture of the "City of Roses"  
to his hearers. Portland was his home  
town, he said, "with its evergreen  
flowers, its fresh greenery, majestic  
mountain setting and its vast, awe-  
inspiring forest lands." Portland's fu-  
ture was vividly portrayed. Its oppor-  
tunities for its people, he said, were  
questionable. Actually its progress in  
industrial lines had been phenomenal,  
said Mr. Osborne. He quoted facts and  
figures relative to population and ex-  
pansion of business. He, too, was loudly  
and continually applauded.

**ORIENT TRADE**  
Glenn Morgan of Seattle spoke of the  
touch that port had with the vast trade  
to be developed with the Orient. Seattle  
was a place where big business enter-  
prises grew from modest beginnings  
and where powerful interests developed  
immense volumes of trade and pros-  
perity for its people. He gave, too, a  
scenic picture of Seattle with its water-  
way system, its lakes and its moun-  
tains that left an impression among  
his hearers, that, as he said, Seattle  
indeed an "ideal city" both for  
business and for pleasure.

The comical and unusual figure of  
"Vancover Island" costumed in a  
blanket and carrying a paddle through  
the lobby of the Empress Hotel, inter-  
rupted the meeting after the speaker  
had addressed the audience. This chief, after much ar-  
gument, found an interpreter and told  
the audience of the beauties of his  
home town.

The keynote of optimism and en-  
thusiasm in all the addresses was men-  
tioned by the chairman in his con-  
cluding remarks.

**Brentwood**  
Brentwood, July 20.—The third an-  
nual Brentwood regatta and water gala  
will be held on Wednesday, July 25, at  
"The Anchorage" wharf, at 2:30 p.m.  
A preliminary meeting was held early  
in the week at "The Anchorage" tea  
garden, and arrangements are well in  
hand to make the affair more attrac-  
tive and interesting than ever. It is  
expected that all residents and camp-  
ers will unite to make it an outstanding  
success.

An attractive programme is being  
planned, to include swimming races  
for all ages from two years old up.

**One Thin Woman  
Gained 15 Pounds  
In 5 Weeks**

Men and women, weak, thin and  
miserable, are urged to put on weight  
and get back their health and strength  
with McCoy's Cod Liver Extract Tablets.  
One woman gained fifteen pounds in  
five weeks and that's going fast enough  
for anyone.

McCoy takes all the risk—Read this  
ironclad guarantee. If after taking a  
sixty cent box of McCoy's Cod Liver  
Extract Tablets or 1 one dollar box  
any thin, underweight man or woman  
doesn't gain at least 5 pounds and feel  
completely satisfied with the marked  
improvement in health, McCoy's  
Drug Co., Owl Drug Co., or any drug-  
gist is authorized to return the pur-  
chase price. (Adv.)

Cameo and boat races and other  
special features will be included.  
The officers elected are: President,  
George Grant; vice-president, W. O.  
Wallace; secretary, Arthur Richard-  
son; treasurer, W. P. Fowler; announ-  
cer, Sheriff Goggins. All these have  
proved themselves efficient in past  
years.

The general committee is composed  
of J. H. Peard, P. Marchant, T. Cow-  
den, A. Macdonald, P. Young, W. W.  
Scott, B. Crowther, H. H. Hays, O.  
Fowler, O. Willard and Miss Beth  
Graham.

Dance committee: Mrs. Fowler, Miss  
Anderson, Mrs. W. W. Scott, Mrs.  
Jones.  
Convener of ladies' committee—Mrs.  
W. O. Wallace.

The festivities will be continued in  
the evening with a dance at "The An-  
chorage," for which an orchestra will  
be engaged. There the prizes will be  
presented.

## SAANICH FAVORS UTILITIES BOARD

Will Ask Municipalities Con-  
vention to Support Plan

Reeve William C. Crouch, Coun-  
cillor Fred Borden and Clerk R. P. Sewell  
will be the delegates of Saanich to the  
Trail conference of the Union of B.C.  
Municipalities, to be held in Septem-  
ber. Counsellor G. F. Watson was ap-  
pointed alternate.

The purpose of the conference is to  
formulate a public utilities commission by  
British Columbia, in a resolution the  
municipal council last night ordered to  
be prepared for submission to the con-  
vention.

Saanich will also urge the conven-  
tion to ask amendment of the Game  
Act, to make all permits or licenses  
subject to municipal by-law in the  
municipality where the Game Act li-  
cense is to be used. The council was  
reminded that one of the pleas in a  
lawsuit over cancellations by Saanich  
of a fox farm license, alleged that the  
farm was operated under a Game Act  
license and therefore outside council  
control.

**Saanich Urged  
To Cut Out Big  
Water Services**

Elimination of water connections  
larger than one-inch, with few excep-  
tions, in the Saanich waterworks sys-  
tem, East of Douglas Street, as a prac-  
tical method of improving domestic  
supply, was strongly recommended to  
the Saanich Council last night by  
Superintendent of Works, H. H. Allan.  
Proposed to it, he said, was a  
plan to include the winery at Lake Hill,  
University School, and a few ranches  
located on high land which have no  
effect on the pressure.

Abolition of large connections would  
require refunds of connection fees of  
about \$350, and cost about \$100 for  
labor. The proposal was referred to the  
water committee for report.

## Pender Island

Pender Island, July 20.—On Friday  
of last week about sixty persons en-  
joyed a picnic at Sidney Experimental  
Farm where the guests were met by  
Prof. E. M. Straight and members of  
the staff for the day. The affair was  
held under the auspices of the Farmers'  
Institute and was a most successful  
outing of the organization as well as  
well as to its hosts.

The annual School Board meeting  
was held on Saturday evening, R. S. W.  
Corbett acting as chairman. R. G. Steh-  
lings, secretary of the board, read the  
minutes and reports. The trustees' re-  
port was read by Mrs. W. B. Johnston  
and showed a most successful record.  
The financial report showed a substan-  
tial surplus on hand in spite of in-  
creased expenditures during 1927-28.

The 1928-29 estimates indicate a  
slight increase over the past year due  
to the raising of the teachers' salaries.  
The services of Miss McIntyre and Miss  
Graham have been assured for the com-  
ing year. E. Hoosen was re-elected  
auditor. F. O. Stebbings was given an-  
other term of three years, and Wm.  
Falconer elected for a term of two  
years to succeed F. C. Smith. These,  
with Mrs. W. B. Johnston, comprise  
the 1928-29 board.

Mrs. D. G. MacDonald and little son  
were accompanied home from their  
holiday last week by her sister, Mrs.  
S. J. Lane and her two little daughters.

Mrs. M. Cumming and daughter, Miss  
Fanny Cumming of Victoria, are spend-  
ing the holidays at Newham's, Otter  
Bay.

Mrs. Brydon of Vancouver, is a guest  
of relatives at Browning Harbor.

Miss Katherine Beatty left last week  
to attend C.G.I.T. camp at Ocean  
Park.

Miss Dorothy Haugh of Victoria, has  
been a guest of Miss Beth Brackett.  
Mrs. C. J. Stevenson of North Van-  
couver, is visiting her mother, Mrs. J.  
MacDonald. She is accompanied by her  
cousin, Mrs. Edna MacPherson.

## Sidney

Sidney, July 20.—Many of our local  
poultrymen met in Matthews's Hall  
last Friday evening and heard a concise  
and instructive talk on subjects relat-  
ing to the keeping and feeding of poultry,  
given by F. L. McNeil, feed specialist  
and poultry service man of Bucken-  
field's Ltd., Vancouver.

Mr. McNeil touched on the proposed  
egg and poultry pool. He was very  
much in favor of it and was of the  
opinion that the men handling it were  
determined to see the project through  
to success. He asked all of those who  
could to give it as much support as  
possible.

He touched on the disease of chicks,  
their causes and methods of treating  
them, and discussed the successful  
feeding of poultry.

Sergeant and Mrs. R. Wylie of Vancou-  
ver spent a few days at Sidney dur-  
ing the week renewing old acquain-  
tances.

Mrs. R. Love, Queen's Avenue, left  
on Tuesday for Victoria where she will  
reside.

Mrs. G. O. Blanchet and family of  
Saanich are spending a vacation at  
Up-island points. (Adv.)

## AT THE THEATRES

RAYMOND CANNON  
FAMOUS FOR HIS  
FINE VERSATILITY

The accomplished gentleman in the  
old song who would "write a poem  
sing a song or hold a baby," has noth-  
ing on Raymond Cannon, prominent  
screen writer, for versatility. Cannon  
not only wrote the scenario for "Taxi  
Taxi," the University production now  
showing at the Variety Theatre, here,  
but for the fun of doing it, he also  
plays two small parts in it. In both  
he is on the screen only an instant.  
Cannon, before becoming a scenario-  
writer, was an actor, starting his career  
under O. W. Griffith. Edward Everett Horton  
and Marian Nixon, Burr McIntosh, Lu-  
cien Littlefield, William V. Mong, Free-  
man Wood and others are in the cast.

GERTRUDE CLAIRE  
PLAYS LEADING  
ROLE IN PICTURE

Gertrude Claire plays the role of  
Professor Charles Aloysius Orme's aunt  
in Fox films version of Ralph Stratus  
'Married Alive,' at the Play-  
house Theatre. In this comedy drama  
she manages to give the woman hat-  
ing professor valuable working knowl-  
edge of a fair sex. Matt Moore is  
her nephew. Lou Tellegen and Mar-  
garet Livingston are also featured.

RADIO ARTISTS  
BEING FEATURED  
AT THE CAPITOL

On the stage at the Capitol Theatre  
this week are Les Randall, a boy who  
sings and plays a "uke" in a very snap-  
py style; Bill Deagan and Gordon Rich-  
ardson, two well known radio stars  
from KOMO in a fine miniature song  
recital, and Nash and Smith, a couple  
of Darktown strutters will be seen in  
a novel dance presentation. The  
Capitol Orchestra will offer a novelty  
musical presentation under the capable  
direction of Al. Prescott, and Harold  
Bechtel, the singing M.C., will also be  
featured. He will with another dandy  
song characterization.

Tigers are the most dangerous ani-  
mals known to man. So say scientists  
and big game hunters, who have made  
a study of all wild animals. This state-  
ment refutes the general conception  
that lions are the most ferocious.

Hobart Henley, director of "His Tiger  
Lady," starring Adolph Menjou, now  
showing at the Capitol Theatre, al-  
though not professing to know all there  
is to know about wild animals, is of  
the opinion that tigers are more mean  
and bloodthirsty than their cousins,  
the lion.

## Langford

Langford, July 20.—Miss Ada Simp-  
son of Sherwood, Peat Lane, is spend-  
ing a few days in Victoria visiting  
friends.

Mrs. F. C. Boyes, with her two chil-  
dren, who have been spending a foot-  
night visiting Mr. and Mrs. A. Moir of  
"Cherry Bank," Langford Lake, have  
returned to their home at Point Grey.

Mr. and Mrs. I. W. P. Jackson of  
Goldstream Road are receiving con-  
gratulation on the birth of a daughter  
in the Jubilee Hospital on July 17.

Service on Sunday, July 22, in St.  
Matthew's Church, will be at 11 a.m.

Stove Compton-Lundie of Lakes  
Road, Duncan, is visiting Mr. and  
Mrs. H. C. Bennett of "Senchal," Lang-  
ford Lake.

Miss Jean Donald, daughter of Dr.  
and Mrs. David Donald of Goldstream  
Road, is one of the Esquimalt group of  
four artists holding an art exhibition  
at the Crystal Garden this week.

**Defending Himself**  
"How is it that you're not going to  
marry Vera after all?"  
"Oh, I boasted a lot about my rich  
uncle in order to impress her, and now  
she's going to be my aunt."

**Don't Make a Toy  
Out of Baby—  
Babies Have Nerves**  
By RUTH BRITAIN

Much of the nervousness in older  
children can be traced to the overstim-  
ulation during infancy, caused by re-  
garding baby as a sort of animated toy  
for the amusement of parents, relatives  
and friends. Baby may be played with,  
but not for more than a quarter of an  
hour to an hour daily. Beyond that,  
being handled, tickled, caused to laugh  
or even scream, will sometimes result  
in vomiting, and invariably causes ir-  
ritability, crying or sleeplessness.

Pretness, crying and sleeplessness  
from this cause can easily be avoided  
by treating baby with more consid-  
eration, but when you just can't see what  
is making baby restless or upset, better  
give him a few drops of pure, harmless  
Castoria. It's amazing to see how  
quickly it calms baby's nerves and  
soothes him to sleep; yet it contains  
no drugs or opiates. It is purely vege-  
table—the recipe is on the wrapper.  
Leading physicians prescribe it for colic,  
cholera, diarrhoea, constipation, gas on  
stomach and bowels, feverishness, loss  
of sleep and all other "upsets" of baby-  
hood. Over twenty-five million bottles  
used a year shows its overwhelming  
popularity.

With each bottle of Castoria, you get  
a book on Motherhood, worth its weight  
in gold. Look for Chas. H. Fletcher's  
signature on the package so you'll get  
genuine Castoria. There are many imi-  
tations. (Adv.)

## Where To Go To-night

Capitol—His Tiger Lady.  
Columbia—Surrender.  
Crescent—The Yellow Lily.  
Damen—The Dove.  
Playhouse—The Yellow Lily.  
Variety—Long Pains.  
Crystal Garden—Swimming and  
dancing.

NORMA TALMADGE  
IS FAMOUS FOR  
LIVING HER ROLES

There is no formula for truth, on  
the stage or off. It may be caught at  
once of its angles if a gifted person  
woos it with his life," says Norma  
Talmadge in an article on acting.  
"If a gifted person woos it with his  
life," Above most actresses on the  
screen, surely this can be said of Nor-  
ma Talmadge. From the old Vitaphone  
days this American girl has, with a  
fine artistic courage, kept faith with  
her public.

Most actors lack this adaptability.  
Their interpretations reveal their in-  
dividuality. We see through their im-  
personations and mannerisms. The  
great characteristic of Norma Talmadge,  
and one which raises her above her  
contemporaries, is the manner in which  
she eliminates all artifice. Who will  
ever forget the powerful simplicity of  
her scene with the baby in "Secrets"?  
Or the scene in "The Lady" as the old  
housekeeper when she sees her son again  
after an absence of many years? And  
from that to "The Dove," the little  
Spanish dancer in the Yellow Pig  
Cafe? You'll see this last at the Do-  
minion Theatre all this week. Roland  
West directed "The Dove."
